WHAT IS LEARNED IN THE CRADLE

Cultivate the saving habit in your children by opening an account in their name. Teach them to save their pennies—a child's pennies are a man's dollars.

IMPORTANCE OF SAVING

"I deem it of the highest importance to impress on every young man the duty of beginning to save the minute he commences to earn, be it ever so small, a habit so formed in early life will prove of incalculable benefit to him in after years, not only in the amount acquired, but through the exercise of

economy in small affairs he will grow in knowledge and fitness for large duties that may devolve on him."—Marshall Field.
