WANTED -- MEN

God give us men! A time like this demands Strong minds, great hearts, true faith, and ready hands; Men whom the lust of office does not kill!

Men whom the spoils of office cannot buy; Men who possess opinions and a will;

Men who have honor; men who will not lie; Men who can stand before a demagogue

And damn his treacherous flatteries without winking;

Tall men, sun-crowned, who live above the fog In public duty and in private thinking; For while the rabble with their thumb-worn creeds, Their large profession and their little deeds, Mingle in selfish strife, lo, freedom weeps! Wrong rules the land and waiting Justice sleeps.

We Issue Early Next Week

THE HERALD'S FREE OFFER

FROM NOW UNTIL APRIL 17, 1908, WE WILL GIVE

500 PICTURES OF PRESIDENT ROOSEVELT

FARM AND FIRESIDE FOR 1908

FREE! - WITH YOUR SUBSCRIPTION TO THE HERALD - FREE!

If you will send us only \$1.50, cash in advance, for a year's subscription to The Herald, we will send you, free of all charge, Farm and Fireside twice a month for the rest of 1908 (nine months) and 500 pictures of President Roosevelt besides.

FARM AND FIRESIDE

Is the National farm paper. Has departments covering every phase of farm life, from plowing to the kitchen. Interests not only farmers, but horsemen, poultrymen—in fact, any one who keeps animals or lives outside the large cities. Is published twice a month, twice as often as most farm papers. Stops when your time is up. We heartly reccommend it to all as the cleanest, brightest, biggest and most helpful farm paper we know of

THE 500 ROOSEVELT PICTURES

Are all arranged on one superb mounting, 20½ x 13½ inches, into one big photograph, but every picture is separate and distinct. This photograph of 500 pictures is the most wonderful photograph ever made and the only one in existence. It cost \$1,000. It took one man two months to put together the 500 pictures and two men nearly as long to make the prints. They were chosen from 2500 taken by the President's official photographers and they show the President in his most characteristic attitudes. They were taken in every state in the Union and at some of the most important events that have taken place in American history. Five years from now those pictures will be worth many dollars. This great photograph and reproductions is owned and controlled by the Farm and Fireside.

PAPERS CAN BE SENT TO SEPARATE ADDRESSES. BUT REMEMBER! - THIS BIG OFFER EXPIRES APRIL 17. SEND IN YOUR SUBSCRIPTIONS.

You Get The Farm and Fireside for 1908, and Farm and Fireside for 1908, and The 500 Pictures of President Roosevelt

With a Year's Subscription to The Beaver State Herald.

ADDRESS, BEAVER STATE HERALD, GRESHAM

FUNGICIDES AND INSECTICIDES

from the best authorities in the country. it where it will be handy

These applications are preventative

The best fungicide is the Bordeau mixture. Because of its discolorations,

Bordeaux Mixture.-Copper sulphate, 6 lbs; quicklime, 4 lbs. Put the sulphate in a coarse sack, suspend it in about 4 galons of water, held in a woodgallons of water. Peaches require 1 lb. more of lime and more water. For the introduction of bills that "the in- flowers or vegetables add a pound of hard soap. Apply as a spray.-Bailey. For surface mildews dry Sulphur

For Ornamental Plants.-Ammoniome a law. It would then be up to the en eights parts of water (enough to dissolve copper.) Then dilute with 9 galcopper in large bottles.

For Potatoes. Scab .- Soak the seed in a solution of 234 ounces of corrosive more easily it could be played if this sublimate to 15 galons of water; or 8 fluid ounces of formalin to 15 gallons of

water. Dry the seed and then plant. Blight -Spray with Bordeaux mixture at intervals after potatoes are six inches high.

Smut in Grains. Oats.-Soak seed

Wheat or Barley .- Soak for 12 hours in one pound of copper sulphate to 24 day and thus get the requisite number to water at 132 to 135 degrees for two or three minutes. Dry and plant.

For Insects That Chew.-Paris:-One pound to 200-300 gallons of water. Repeated applications may injure foliage unless lime is added. Paris green solutime and labor. Apply when apples are blooming for coddling moth. At least two applications within a week are

For Insects That Suck the Juices and cabbage or current worms.-Kerosene emulsion:-Hard soap, 1/2 lb. dissolved in one gallon boiling water. Mix with two galons of kerosene and stir times. A strong solution will destroy scale insects. Good for plant lice. mealy bugs, spiders, mites etc. Don't mix near a fire.-Bailey.

APPLE SCAB AND SAN JOSE SCALE Lime and Sulphur Mixture may be

already prepared. If bought, dilute with 15 gallons of water to one of mixture. If prepared at home, mix 40 pounds of fresh unslacked lime in 60 gallons of water; stir in 20 pounds of sulphur, boil one and a half hours, strain through a net and apply warm. Some add salt but it renders mixture harder to manage. Other people add about three pounds blue vitriol after the amber color has been obtained. To make a success it should be applied in February, April and a couple of times in May. -Farm Journal.

Don't imagine you must have an expensive spraying apparatus. The man with only a few shrubs can get a 50 cent hand sprayer. Of course the orchard man will find it economical to invest in something proportionally better.
