A CHECKING ACCOUNT WITH A GOOD BANK.

We have on our ledger the names of over 300 farmers and others who have found a checking account with us almost indispensible after once started. His bills paid by check are not only a valid receipt but also a convenience in his home transactions where very often the necessary change for concluding a settlement is not at hand.

Our deposits in this one department have grown to nearly \$50,000, showing that the people appreciate the advantages of a good bank close to home.

The services at the Baptist church were very interesting. The church was decorated for the occassion with flowers and emblems. Presents were given to the little children in the Sabbath school. There was a good congregation to greet the pastor, Rev. T. J. Elkin, and all seemed to enjoy the sermon which was on the Risen Christ. The very best attention was paid to the sermon from beginning to the end. In the evening the services consisted of a song service, recitations and selections by the Symphony orchestra. The con-gregation which was large and atten-tive went away at the close of the meeting feeling that it was good to be there.

At the Methodist church the day began with a large and interesting session of the Sunday school. A large audience listened attentively to a good sermon by Dr. A. Thompson, the pastor. The large, well-trained choir, under direc-tion of Miss Glenna Burton, rendered several beautiful Easter anthems in a way that called forth many expressions of appreciation. The music and ser-mon were very inspiring and helpful.

In the evening at the Methodist church nearly all seats were taken at the special Easter song service rendered by the choir. There was considerable variety of anthems, solos, cornet and violin music. The service lasted about an hour and was all too short.

Rev. S. F. Pitts preached a helpful sermon to a good audience at the Free Methodist church.
