# MOUNT SCOTT

Mrs. Kate Lewis of Portland is spending a short time with her nephew, Geo. Montgomery.

The Aid society of District 45 held their meeting with Mrs. Domm. Not much was done owing to the warm weather.

A large number of Mt. Scott people attended the celebration at Gresham and they generally report having had a fine time.

Mr. Kaloek has been re-elected janitor of Lents school. He is building a lunch room east of the school grounds. This will prove to be a very convenient place for teachers and pupils.

J. W. Stiger went to Eagle Creek Wednesday to find a camp ground. He expects to spend a few weeks soon in camping and fishing and having a good rest.

Mrs. Allen and little son, with her sister, Miss Carol Hand, spent Wednesday with Mrs. Rayburn.

Mr. and Mrs. Wagner came up in their auto from Firland and called on the Rayburns one evening this week.

The Arleta circles came up and visited Lents circle last Wednesday night. They conducted the initiation for the evening.

Fred Powere is on the street again, though much the worse for his experiences. He doesn't expect to take such risks with dynamite again.

These columns contained a mention last week of the marriage of Mr. Seeley. This Mr. Seeley positively denies and would like to meet the individual that started the assertion. He ought to know what he is talking about.

Rob Reynolds will begin work soon with the Chas. F. Beebe company.

Mr. and Mrs. Ash spent the Fourth with Rev. and Mrs. Henderson at Salem.

Miss Goodie has been elected teacher of the third and fourth grades in the Gresham school.

Dr. Hester, formerly of this locality, now at Grants Pass, spent a few hours on our streets Wednesday afternoon. The doctor is quite a sportsman and reports some rare yarns about Southern Oregon game, fish, bear etc.

Miss Nellie Chauncey is recovering from quite a serious illness, extending through the last two weeks.

Mrs. Hagens, Mrs. Geo. Spring's mother, was taken to the hospital Monday with an operation in view. Upon examination by the doctors, an operation was found to be of no use as the patient was suffering from a number of cancers in the stomach and intestines. So it is only a question of a few days before they prove fatal. The relatives have the sympathy of many of their friends at this their hour of trouble.

## Additional Gresham Locals

(Continued from page 1.)  
last Thursday from a trip to Sound points.

Mr. and Mrs. R. S. Henderson spent the first part of the week in McMinnville.

Earl Townsend visited his folks in McMinnville this week.

Miss Cora Haley of Portland is the guest of Mrs. J. W. Huff this week.

L. B. Hicks of Milwaukie was in our town the other day in search of a horse. He writes us that the horse is found.

The floral flag seen in the library window last week attracted much attention and commendation. The flag was made entirely of flowers by Alida Culy, the librarian.

Miss Mamie Dean celebrated her 18th birthday by entertaining a few young people at her home last Wednesday evening. Refreshments were served and games were enjoyed.

## CELEBRATION DREW

(Continued from First page.)

Nor must we forget the barbecue. The whole ox was duly roasted and was laid out to cool long before the crowd began to assemble. Various comments were made as to its quality but the general agreement was in favor of the roast. A very large number sampled it and yet enough remained to feed another celebration. The beef was furnished for the occasion by Troutdale enterprise.

The ball game deserves more extended treatment than can be given here. It was a decidedly interesting feature and was attended by a very large portion of the people. Of course Gresham won but The Dalles team went to their fate, 9 to 2, pleasantly. Such good will deserved better scoring but "luck" was against them.

The ball given by the band in the evening was well attended and proved to be a very pleasant affair and it netted the boys a very neat sum. This story would not be complete without giving the band boys due credit for the part they took in the celebration for to them is due more than anyone else the attempt to observe the day. They were fortunate in almost every detail of the preparations and execution of the program. Some little disappointment was shown on Friday evening because the new uniforms had not arrived but word was received about 6:30 that they had reached Portland and no time was lost to get them on the way to Gresham.

The only event in which entire failure was noticed was the aeroplane race. However, the boys had a good scare out of that and for a time faced the opportunity of putting up \$200 prize money offered for that. The fellow had his machine in Frisco and it was not considered possible to get on the ground in time.

Mrs. Frank Heiney visited Mrs. Alva Hevel on Friday.

## Lectures and Entertainments.

The Willamette Valley Chautauqua association, which meets at Gladstone Park, near Oregon City, this year presents a most attractive program. Only want of time and space prevents our putting the entire Chautauqua program in the paper this week. There are so many good things, too, that it is very difficult to select the things that would be of most interest to the reader.
