PROSPECTS FOR BIG FAIR GROWING BRIGHT

New Meeting Called for Tuesday, August 18 - Large Attendance Needed.

The meeting of the stockholders of the Grange Fair Association held Tuesday afternoon, while not accomplishing all that was anticipated, was by far the best that has yet been held. As chairman H. E. Davis could not be present, Dr. J. M. Short was elected temporary chairman and George Bornstedt

Explanation was made as to the reason the meeting could not be considered a legal one. The notices did not give sufficient time and less than the required amount of stock was represented.. Some discussion ensued in reference to the Fair site. While no definite information could be given at the time it was felt the council would be able to secure a portion of the Studdars tract from the purchasers.

A committee composed of E. Coalman, W. A. Proctor, H. W. Snashall, J. W. Townsend and H. A. Darnall was appointed to prepare for the next meeting, secure consent of Stockholders for all the elephants in America. the date and as assisting the old committee. All of those present signed the waiver and the call for a new meeting and a large part of the remaining stockholders have since given assent to the meeting of Tuesday, August 18 at 2:30 P. M. The committee immediately drew up a circular letter and a card reply and ordered them printed.

Everyone seems to be in high hopes of carrying the plans through. In fact, the solicitors report only two or three! the undertaking.

The Best Way.

We have had several requests for land and for sale of land recently. While we would be pleased to gratify everyone's wishes by a personal letter, our business prevents it. The best way to reach people is to advertise. Several of our advertisers recently report quick sales. Some are not so fortunate. It takes a long time for a 15 or 20 cent ad to equal 5 per cent commission on the price of a farm. Try it. It is too cheap to be very risky.

Big Circus at Portland.

It is a pleasure to announce the fact that on August 25 and 26 Barnum and FAIR MEETING that on August 25 and 26 Barnum and Bailey's greatest show on earth will give two performances in Portland thus affording an opportunity to the people of this vicinity to visit the greatest

> For 50 years the Barnum and Bailev show has led the world in all matters pertaining to big amusements, There is not a country on earth where it is not as well known as in America, nor a city of any size in the world where its mammoth tents have not been pitched.

Royalty has applauded it, and the peasantry marveled at it, and all the world, civilized and savage, has contributed to its multiplicity of attractions.

The spirit of its great founder, one of the greatest n en in all history, P. T. Barnum, still lives in the policy of the present management, while the perfect system put into operation by the great James A. Bailey, is still in operation,

This season the show is much larger than ever before, and additional interest attaches to it because the parade, a feature which for several seasons has been missing, is again in its customary

The program in the great exhibition tent opens with a new spectacle. The acts that follow are all European and of great novelty and variety. Of the 375 performers, nearly 300 have never toured America before. The climax of the bill is the most daring and awful exhibition of nerve and death-daring ever attempted. The act is called "Autos that pass in the air." As the name briefly explains it is the passing of two automobiles high above the heads of the people, while leaping a 50-foot gap.

The circus this season numbers 1,500 people, 600 horses, 108 cages of animals, 5 railroad trains, 20 camets and nearly
