MOUNT SCOTT

Report is that Prof. G. W. Henderson and family have sold their place at Woodmere and move this week to their new home at Piedmont.

Robt. Reynolds has been at home for several days past, not being able to be at his work.

Mr. Wilson and family have moved into their new home on Fourth avenue.

Hammers and saws are kept busy in this vicinity even though the mercury climbs above 90.

H. R. and E. L. Schenerman and their families have been away visiting.

J. T. Davis is building a new house on Second avenue.

Mrs. Darnall is taking a rest and a much needed vacation at Seaside.

Mr. Galbersou of Clearwater, Wash., has been visiting friends in Lents this week.

The Smith property near the school-house has been bought by some Salem people who have begun to enlarge the building.

Rev. Smith and family had a close call by last week's fire. The siding on his house was charred in some places half through and yet by repeatedly throwing water upon it, it was saved.

Will Love has opened up a new fruit and fish market in Lents. We wish him well. He lost his home on Powell's road by fire a short time ago.

R. B. Lee is home from an extended visit in Wisconsin, and reports himself as more friendly to our Oregon advantages than ever. Between or betwixt the heat and the cold, the hot and the dry, heavy rains, hard winds, late seasons and poor crops, he would as soon endure the opportunities and advantages offered here as to risk his life there. Glad to hear it. Maybe he will stay at home now and develop his mechanical talent.

The Wisconsinites renewed friendships Sunday by a picnic in Evergreen Park. About 100 Wisconsin people live near here and the strange part is that so many of them are old acquaintances. By the way, what is the matter with a Kansas picnic? A Kansas crowd could make a noise that would cause people to take notice. Every other fellow was born in Kansas, lived there most of his life, a few years, or at least came that way. Talk it up. Let us try it.

G. E. Montgomery lost his home last Friday by fire. For a time it looked as though a large number of residences

and the school building would also be burned but the bravery and watchfulness of our men prevented an extension of the fire. Brands were carried by the wind across Jonsson creek, a mile away, and but for the rain a few days before, the entire eastern portion of Lents would have been burned. Mr. Montgomery's loss was partial as there was some insurance. His family were spending the week in the mountains and have not yet returned to find themselves without a home.

Ira E. Allen who is just recovering from a very severe attack of tonsillitis has gone to the beach for a couple of weeks in the hope that it will benefit his health.

Earl Smith has moved his family from the Craig farm to his new residence on Stella street and Sixth avenue, opposite Mr. Rayburn's residence.

Several of Lents' business men had a visit from a bogus check man and are out about \$20 each as a result.

Those who went to hear Judge Parker speak at the Hellig Tuesday evening report good speaking and a large crowd present.

We hope that the arrest and conviction of hoodlums who have been creating disturbances on the late Saturday night cars will be a warning to others who are in the habit of making night hideous with their drunken hilarity.

Arthur Geisler and wife have returned from their trip to Lost Lake.

Mr. and Mrs. Hamilton are camping at Piedmont where Mr. Hamilton is engaged on a house for Prof. G. H. Henderson, a former resident of Woodmere.

Mrs. Additon is expected to return to her home here soon. She has been spending the summer at her old home in Boston, Mass.

Mrs. A. F. Hershner and two daughters, Lois and Frances, and Mrs. Darnall returned last night from the beach.

Mrs. H. W. Grayble of Laurelwood and two sons, Harry and Guy, with her mother, Mrs. H. Cooper, of Estacada is at the beach.

Mr. and Mrs. Cope with Mrs. Randle and sister Byna camped the past week at DeLaura beach.
