THE FAIR WILL BE A SUCCESS IF YOU DO YOUR PART - GET A SEASON TICKET - COME EVERY DAY - MAKE IT AN OLD SETTLERS' RE-UNION - YOUR VACATION

ASHLAND MAN THINKS FAIR A GREAT THING

Says Big Fair Will Be Harbinger of Greater Things Yet to Come.

Ashland, Ore., Sept. 27, 1908. To the Editor Beaver State Herald. Dear Sir: I wish to congratulate the enterprising citizens of Multnomah county in their determination to carry their second annual fair to a successful issue, and no doubt this year will witness a greater attendance than a year ago, when the enterprise seemed to be solidly established as a permanent affair. No doubt much of the credit is due the leaders and promoters, and without flattery, I can say that no little credit is due the Herald for its stand in the matter, as it has always stood at the front of everything that would benefit the entire community. But, after all, the co-operation of the people generally is necessary in such matters, and it speaks well for the citizens of Multnomah, (and I will say in passing, that I have a friendly feeling for Clackamas county, as a goodly number of its residents do their part in helping Gresham, in this and other matters of benefit) that they have stood together so well and will probably carry on the work more successfully in the future.

It is not yet a quarter of a century since the road leading from where the busy little city of Gresham stands to the base line was first opened to the public. Today the splendid highway and the trolley line and the lively town are evidences that something has been done in past years, and now the big fair may be only a harbinger of greater things to come.

Here in the peaceful valley of the Rogue, our citizens are pulling off a similar enterprise, which will begin this week, at Medford, which is the central location and while this season has not been all that might be hoped for, yet we are determined to put the best foot forward and make as good a showing as possible, looking forward to a more prosperous season in 1909.

I am sure we all wish you well, especially those of us who have lived in that region formerly, and for that matter the interests of one are the interests of all parts of Oregon, for,

The evening sun shines golden o'er the rugged coast mountains, and from the Shasta Land and the famous Siskiyou comes a gentle Zephyr, gliding through Peachblow Paradise, in sunny southern Oregon, which wends its way down the canyon, across the classic Umpqua and into the valley of the great Willamette finally stopping in the rich and fertile Powell's valley, where rolls the Oregon, bearing upon its bosom mutual wishes of good will and bespeaking for you the best of success in this and all future undertakings.

Very truly yours,
J. M. BROOKS,
Sec. of Ashland Fruit & Produce Ass'n.

BIG BALL GAMES ON OPENING DAY OF FAIR

Canby, Eagle Creek and Gresham to Cross Bats Against Each Other.

The base ball games for the day will prove an interesting feature. Canby, Eagle Creek and Gresham are to try their skill against each other. The plan is to draw to see who is shut out on the first game. The winner in this game to play the one left out in the first game. The winner of the second game gets the \$25 purse. The others are to get \$10 each. It will create a big interest and prove a very good feature. The first game begins at 10:30 a. m.

What Others Say About the Fair.

The Grange fair and festival to be held at Gresham Oct. 6 to 10, should, and no doubt will, be well attended from this and adjoining districts. Ranchers as well as other lines of business should be eager for the self improvement to be obtained at these exhibits of skill and labor, as well as to enjoy the social and entertaining qualities of these local displays. The Beaver State Herald contains a full list of premiums offered, and will be sent to any address upon application.—Estacada Progress.

The Grange at Gresham is to have a fair from Oct. 6 to 10. The Beaver State Herald is working with all its might to make the fair a success. The last issue of the paper contained a list of prizes to be given and it is surprising to see what the people in a small town can accomplish when they work in harmony. The Herald is a real booster sure enough.—Yanhill Record.

Grange Fair Premium List Ready.

The premium list for the Grange Fair Association is being sent out. It is a very neat piece of work and reflects credit on its publishers and the persons who arranged the prizes. Nine departments are arranged: Agricultural; horticultural; dairying; live stock; poultry; domestic science; industrial, educational and art. A large number of special prizes are included in the list, running in value from \$25 to \$50.

Clean-Up Day at the Fair.

It is proposed that every citizen who can spare the time, whether he be a resident of Gresham or the surrounding country, come out on Saturday, Oct. 3, and assist in putting the grounds into shape for the coming fair. Those of us who have been unable to contribute to the success of the enterprise will thus be able to show our good will. Come, bring your lunch, and help the cause along.

"OPEN TO THE WORLD" WITH A \$1500.00 PREMIUM LIST ATTRACTING MANY BIG EXHIBITS

Preparations Nearly Complete for Opening of One of Oregon's Best Fairs. Art Departments Are Attracting Many Exhibits From All Over the State.

The first day of the fair is being planned. It is anticipated that it will be a real successful day. State Master of the Grange Austin L. Buxton is planning to be present. He was seen yesterday in Portland, when on his way to attend a grange meeting in Idaho, and left instructions that he would be on hand if present plans were not changed. One or two other speakers will be invited. There will be ball games and other interesting features that will take up the day. Some of the granges are preparing interesting literary and musical programs that will require an hour or so of time. The daily programs will give the details.

Many entries are now being made and others are in view. Space in the main pavilion is at a premium. Today and Saturday will be busy days. Fencing and lighting are yet to be done and several minor improvements attended to.

The Art Department of the Grange Fair promises to be very attractive. It is in charge of Mrs. Jennie Kronenberg and Miss Clara L. Webb. Various amateur artists from Portland and other parts of the county have promised their work. The ladies want to extend an invitation to everyone who has paintings in oil, water color, monochrome and also the amateur photographers and those painting tapestry, china, and also burnt work, to enter these articles. Cash prizes will be awarded under a competent judge. The committee will be in the main building all day Monday and all work for exhibition should be on hand early.

These ladies constituting the committee on music and art have arranged to have bright and interesting programs presented each afternoon and evening by the different granges of the county, who are all responding heartily.

THINGS THAT WILL KEEP YOU MARVELLING

Many Wonderful and Instructive Sights to be Seen on the Big "Furrow."

One of the greatest wonders to be seen on "The Furrow" during the Grange Fair week will be the skeleton of a whale, 120 tons in weight. Such an animal must have been 700 years old. The tent space required for such a skeleton is 120x60 feet. As an educational feature, such an opportunity does not come as an average once in a lifetime.

The Van Ronk Scenic Circular Swing covered with numerous electric lights, featuring a \$2,000 Bandolian, best ever heard on the coast, and a new feature.

During the Athletic Sports a \$5,000 White Auto will be given away as a prize for the person who throws the heavy stump the greatest distance.

The refreshments are placed in the hands of the Weatherly Ice Cream Co., ensuring positive satisfaction to the public.

The ball floor at the Grange Fair will be open to those who wish to engage in dancing, every evening. An orchestra has been engaged and first class music is assured.

Dancing each evening at the main pavilion of the Grange Fair at Gresham from Oct. 6 to 10.

The big prize at the Grange Fair exhibit in the agricultural department is the \$50 phonograph obtained from Eiler's for the best farm exhibit.

WAYS TO LOSE MONEY

Mr. M. Alley drew out \$2000 from one of the big trust companies and took it home to his wife to keep for him. Mrs. Alley ripped the hem of an old skirt and sewed the money in. A lady burglar, presumably, entered the apartments one evening when they were out and carried off the skirt.

USED MOTHER EARTH INSTEAD OF A BANK
Mr. T. F. Jones of New Milford, Conn., was digging a trench on his new farm when he turned up a kettle containing \$3,000 in \$20 gold pieces. Some misguided person in the past had preferred to trust old Mother Earth instead of a bank. Mr. Jones consequently is a very happy man.

The daily papers report many burglaries and "hold-ups," successful ones, which could have been prevented with the proper use of banks.
