Death of Michael Kelly

Friends and acquaintances of Michael Kelly of Sycamore, will regret to learn of his death. He was taken suddenly ill with a severe pain in the abdominal region on Sunday night, and died Monday noon. Burial services were held at the Catholic church on Powell Valley road, and interment made in the little cemetery there, on Wednesday.
Mr. Kelly was born in Ireland over 85 years ago. He came to this locality nearly fifty years ago and may justly bear the honor of having been one of the pioneers of Pleasant Valley.
He lived to rear to maturity four sons and one daughter. He endured all the hardships of pioneer life in a forest country, suffering from fire in one instance, the entire loss of his buildings, crop and orchard.
Mr. Kelly's wife died about four years ago. He remained quite strong and active to the last and took great interest in the work of the farm.

A Great Undertaking.

To promote the building of improved roads in Colorado, Wyoming, Utah, Montana, Idaho, New Mexico and Arizona and make accessible the wonderful natural scenery throughout the territory along the eastern base of the Rocky mountains the Rocky Mountain Highway association has been incorporated at Denver by Gerald Hughes, Harold Kountz and Charles A. Johnson. Membership in the organization is open to any one interested in the good roads movement, and it is reported that already a large number of prominent Colorado citizens have signified their intention of joining. The money for carrying out the plans of the association will be derived through private subscriptions and through state and municipal aid. It is hoped that through the efforts of this association there will eventually be constructed a chain of good roads joining all points of interest throughout this section.

Public Ownership of Roads.

The idea of public ownership of the highways seems to be coming to the front. It has been proposed that the city of Philadelphia purchase the right of way and the property abutting the proposed new parkway leading from the central part of the city to Fairmount park. In Milwaukee county, Wis., the board of supervisors is discussing the advisability of acquiring the title to roads in various townships to the number of twenty and improving and maintaining them by taxation.

ALL THE GHOSTS WILL BE THERE

Young People and Older Ones Given Chance to Enjoy Wholesome Fun.

Hallowe'en will be celebrated in proper style in Gresham. Big preparations have been made for the Hallowe'en social at the Grange hall on Saturday night, for the benefit of the Gresham reading room. The ghosts will all be there. There will be hallowe'en tricks and wholesome fun for old and young.
The decorations will be in keeping with the occasion. Jack-o'-lanterns will grin at you from all sides. There will be a witch's pot and what not. Booths will be arranged where candy, pies, sandwiches, etc. will be sold. There will be no charge for admission but the directors desire to raise all the money they can for the benefit of the local reading room.
The library is being well patronized these days. Many books are in circulation and the tables are well filled each evening by students and others, reading the current literature or studying special subjects for school work.
Miss Culy is very faithful to her work as librarian and is ever ready to help secure books or material on any desired subject. The use of the reading room is free. It should be remembered that this is a branch of the Free Public Library of Multnomah County and anyone who holds a card may draw books. All are invited to join the local association and thus assist in the maintenance of the reading room.

Big Democratic Rally

The issues of the day will be discussed by Col. R. A. Miller of Portland at the Grange hall on Friday, October 30 at 8 p. m. Everybody invited.

Grand Ball at Metzger's Hall.

Given on Saturday evening, November 7, by Franck's 4-piece orchestra of Portland. Four grand cash prizes! First lady and gent, for waltz and two-step. Judges to be selected from the audience.
ED. METZGER, Manager.

Notice to the Public.

Having purchased the undertaking business of J. C. Cameron & Son, of South Bend, Wash., I will leave on Nov. 1st to take charge of our business at that place. It is with regret that I leave Gresham, as my stay here has been both pleasant and profitable and I take this means of thanking the people of Gresham and vicinity for their liberal patronage and assure them they will continue to receive the same courteous treatment at our store as before. I will retain my interest in the business here and have secured the services of Mr. C. H. Eagan to take charge of the undertaking department, whom I am glad to recommend to be a gentleman and a man of several years experience in his line.
Yours,
R. S. Henderson,
of Carlson & Henderson

GRESHAM BAND BOYS RESENT THE CHARGE

Take The Telegram to Task for Publishing "Cheap Stuff" About Them.

An article appeared in the Telegram October 22, that aroused the ire of our band boys and citizens.
This article, in telling of a Mr. Marti who was arrested for the larceny of a trombone from Mr. Sheldon, implicated the Gresham band boys in his spree and escapades after the Fair saying that a number of them proceeded to Portland in company with Marti and gave an imitation of the hungry seven band, playing on the streets, taking up a collection and boozing.
Now, the facts are that Marti is not a member of the Gresham Concert Band, nor a resident of Gresham, nor did any of the boys accompany him to Portland. Marti did play with the band during the Fair, being hired for the occasion, and is a member of the O. N. G. Band of Portland, which fact the Telegram carefully concealed.
The boys are greatly chagrined to be so maligned after their hard work during the fair. The band is a mutual organization and the members are all citizens of Gresham. To one receives a cent for his services; all the receipts being turned into the treasury for current expenses and the band has been self-supporting from the start.
Instead of knocking, the public should praise and encourage the band for it is benefited more by such an institution than the band itself.

Jack London's New Book.

Jack London has just written a book of 142,000 words entitled "Martin Eden." The Pacific Monthly has purchased for \$7,000 the serial rights for this vivid story. It began in the September number of the Pacific Monthly and will run for twelve months.
"Martin Eden" is a character study—the story of a fighter—a fighter as a newsboy in the alleys of San Francisco; a fighter as a rowdy in slums; and finally, a fighter for education and culture, struggling against the odds of common birth and vulgar environment, with a desperation of courage that presents a powerful blending of brutality of strength and sublimity of purpose. His inspiration is a woman of the higher sphere of life, but his motive is the mighty impulse that animates a soul and brain born to expand until fettering ignorance is sundered and ignoble influence trampled under foot.
It is not too much to say of "Martin Eden" that it possesses more of fascination and virility, grips the imagination and the sympathies more keenly, and imparts more of courage, than any book produced in years.
Send 50 cents in stamps to The Pacific Monthly and they will mail you The Pacific Monthly for six months beginning with the September number, in which the first installment of London's story begins.
France has more than 300 daily newspapers.

GRESHAM LOCALS

The Gresham Real Estate Company made a \$4500 transfer for parties near Boring this week.
Lewis Shattuck is getting in a fine new line of boots and shoes. He will carry the celebrated Walkovers, best on earth.
E. W. Emory is contemplating a trip to Wisconsin this winter and return by way of New Orleans.
M. H. Wheeler, one of Orient's progressive citizens, was a welcome caller at The Herald office this week.
Roy Gibbs, who recently sold his property east of town, has moved his family into Mrs. Allen's cottage in Thompson addition.
Al Hart of Liberal, was in Gresham during the week.
Considerable change has been made in the local postoffice this week. The rapidly growing business has necessitated enlargement of quarters. Mrs. McColl has disposed of her stock of notions to local merchants and will now use the entire room for postoffice business. The partitions have been moved forward, enlarging the space for handling the mail. A long writing table has been provided in the outer room. This change will be appreciated by the many patrons of the postoffice. The entire time of the postmistress and clerk will be devoted to the mail.
This week the Grange Bulletin is being mailed, the 10,000 copies weighing over a quarter of a ton.
Mose Widener is building a neat cottage on lots in Carlson's addition.
Beginning December 1st, the Gresham postoffice will close at 8 p. m.
I. McColl, P. M.

Rev. M. B. Paroungian will preach at the Methodist church both morning and evening next Sunday. His subject in the morning will be "Giants," and in the evening he will speak on "American Citizenship." These subjects will be appropriate to the eve of the election and men are especially invited.

A number of business changes are noted this week: Ed Metzger, son of John Metzger, has purchased the livery and feed business of B. W. Emery and takes charge the first of the month. Ed is a very progressive young business man and the town is fortunate in securing him as a successor to Mr. Emery, who has conducted the business for the past seven years.

Mr. Henderson of the firm of Carlson and Henderson leave for South Bend, Wash., where he will take charge of an undertaking establishment, recently purchased by the firm.

Duly Bros. have sold their horses and livery stock and discontinued business. Dr. H. H. Ott left for Kansas this morning, called there by the sudden illness of his wife.

PATRONIZE YOUR HOME BANK

CAREFULLY prepared estimates show that there is in the UNITED STATES a little over \$3,000,000,000 of money. Of this sum \$300,000,000 is in the national treasury, \$1,000,000,000 in the banks of the country, leaving over \$1,700,000,000 in the pockets of the people, hidden in attics, in bed ticks, in tin cans in back yards, etc. It has been shown by good authority that the business transactions, the commerce of the U. S. in which money is used is less than 3 per cent of the whole, the other 97 per cent of the transactions being that saleable article, CREDIT.

Does any man doubt what prosperity this country might realize, the number of laboring men that might find work, the railroads that might be built, the increased consumption power of the U. S. with one billion dollars of the money now carried in the pockets of the people, in the banks and the people carrying a check book instead.

No man, who is looking after his own welfare, not even a laboring man, can afford to be without a check account with his home bank. You will find it convenient and you will establish a credit.
