## Pianos

What would afford you more pleasure in your home Christmas Day than music and story and song? Music gives to the home an atmosphere which nothing else can supply. Your children will be better, brighter and happier if they sing and play. Mother and father will likewise be happier. Music indeed has charms—power to drive "dull care away." We suggest a piano, a player piano or a Victor Talking Machine for a Christmas present for the whole family. A new piano will find its way into your home if you will bring us but \$10 cash; a player piano if you will bring us \$25 cash; a Victor Talking Machine if you will pay only \$5 cash and \$1 per week. Why should you be without music this Christmas Day and all the days of 1929?

This is a personal invitation for you to call and see and hear our pianos and Victor Talking Machines.

# SANDY NEWS

## Sandy Odd Fellows Banquet.

Tuesday, December 22, the Odd Fellows of Sandy celebrated their second anniversary in their new hall with nearly a hundred guests present. At nine o'clock the house was called to order and a fine program rendered, consisting of music, songs, recitations and short speeches. The program would be a credit to any community as the various numbers were of a high class and well rendered. The chairman informed the audience that the lodge now had forty-seven members in good standing and that the new hall was about out of debt and that the future looked bright to them.

At 11:30 an excellent supper was served. One of "Ye Olden Time" suppers where the table fairly groaned with good things was served. It was an all-around good time, even the cooks enjoyed it, for when the writer left in the wee hours of the morning, the cheerful song of Hi Le, Hi Lo could be heard in the kitchen.

The celebration was a success from start to finish as the chain-gang did all they could to make their friends feel welcome and showed good-fellowship to all.
