It is reported that Mrs. L. M. Hedge has sold her farm and that the purchaser intends to plant the place to walnuts.

About twenty enthusiastic citizens of our little Valley responded to a call for a meeting at the Grange hall last Friday evening for the purpose of ascertaining the sentiment in regard to organizing a Push Club. Short talks were made by E. A. Giesell, W. U. Moore, T. R. Berry and others. The consensus of opinion being that such a movement was favored, a temporary organization was effected and a committee appointed to draft a constitution and by-laws. The meeting then adjourned to February 25, when a permanent organization was completed.

Pleasant Valley Grange will give a Valentine Social on Saturday evening, February 15. Music and a general good time is promised.

The Masters and Lecturers meeting of Multnomah county will take place at Pleasant Valley Grange on Feb. 27th.

Grandpa McBride Passes Away.

Joseph W. McBride passed away on February 1st, at the home of his daughter, Mrs. A. B. Craft of Sycamore, after a lingering illness.

Mr. McBride was born in Pennsylvania on January 20, 1829. At the age of five years he moved with his family to Ohio and in 1862 he came West.

Mr. McBride was a member of the Grange and Masonic Orders and was an engineer by trade.

His widow, three sons, Howard, William and Frank, and three daughters, Mrs. Edith Yates of Junction City, Kan., Mrs. I. N. Fawcett of Tigardville, Or., and Mrs. A. B. Craft of Sycamore, survive him.

Funeral services were held from the residence of Mrs. Craft at 10 a. m., on Wednesday, and were in charge of the Grange. Rev. W. A. Sexton of The Dalles, an old friend of the deceased, preached the sermon. Interment was in Multnomah Cemetery.

The bereaved family have the heartfelt sympathy of their many friends.

The wood-shed at the Cottrell school is in a lamentable state of collapse due to the heavy snow. Pride for the general welfare and appearance of our school should prompt the board to erect a new shed on the lot immediately, if not sooner.

Hans Cook and Newton Hedlin commenced making the roofing for the horse-sheds at the Orient Grange hall by riving out 1000 shakes in less than three hours. Keep the shakes flying.

A literary will be started this week. Come out if you never did before. All can assist.

The telephone lines are again in good repair. Slow but sure.

Frank Kolsby is not enjoying his usual good health.

A Common Cold.

We claim that if catching cold could be avoided some of the most dangerous and fatal diseases would never be heard of. A cold often forms a culture bed for germs of infectious diseases. Consumption, pneumonia, diphtheria and scarlet fever, four of the most dangerous and fatal diseases of this class.

The culture bed formed by the cold favors the development of the germs of these diseases, that would not otherwise find lodgment. There is little danger, however, of any of these diseases being contracted when a good expectorant cough medicine like Chamberlain's Cough Remedy is used. It cleans out these culture beds that favor the development of the germs of these diseases. That is why this remedy has proved so universally successful in preventing pneumonia. It not only cures your cold quickly, but minimizes the risk of contracting these dangerous diseases. For sale by Gresham Drug Co.
