Rheumatism.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic and muscular rheumatism. For sale by the Gresham Drug Co.

wood. Under the order of business, Mr. Darnall reported the purchase of a piano, and the profits on the entertainment of April third. The amount cleared was \$99.45. This sum was put into the hands of the hall association and applied to the purchase of stock. It was decided to have the directors add a second story to the storage annex for the purpose of supplying the necessary dining-room space. This will probably cost about \$150 now, and it will be improved from time to time as the Grange feels that it is able.
