**Best treatment for Colds.**  
"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment." While this treatment is simple, it requires considerable trouble and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon? For sale by Gresham Drug Co.
