Born, to Mr. and Mrs. Joe De Shazar, a girl. Mother and child doing well. Rev. Abbott preached at Dover Sun-

day night. Mr. Coon, of Lents, was in Daver last Monday.

Mr. and Mrs. Geo. Kitzmiller spent Sunday visiting the latter's parents

Mr. and Mrs. Exon.

J. W. Exon went to Portland Monday.

The crops around Dover are looking fine.

Alex. Bews is working down at Deep Creek camp.

### **Biliousness and Constipation**.

For years I was troubled with bilious ness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The Tablets relieve the ill feeling at once, strengthen the digesand blood, heiping the system to do its work naturally.—Mas. Ross Ports, Bir-mingham, Ala. These tablets are for sale by Gresham Drug Co.

## **Funeral of Lizzie Koch.**

The funeral of Miss Lizzie Koch occurred at Cherryville on Thursday, May 6th, at the M. E. church, Rev. M. B. Parounagian preached the sermon. Lizzie was born January 24, 1883, near Cherryville, and died May 4, 1909, at the place of her birth. She was an day at 3 p. m. There will be services estimable young lady and her death is mourned by many.

## COTTRELL

Mr. Proctor is not in any way critical ly ill due to his unfortunate accident. A little boy visiting at the home of He is slowing recovering.

# THE AUDITORIUM.

The Alaska-Yukon-Pacific Exposition at Seattle, occupying 250 acres of the campus of the University of Washington, will result in benefits for Washington's seat of learning that the University could not have hoped to secure in many years, had not the great fair of 1909 been planned. So the exposition that will exploit Alaska, Hawaii and the Philippines and emphasize the importance of the growing trade with the Orient will leave, after its gates have closed, a large number of permanent structures to constantly remind the people of the Northwest of the Alaska-Yukon-Pacific Exposition and the place it will occupy in the history of the Pacific as the medium through which one-half of the world was brought in such close touch with the other and a tremendous impetus to commercial intercourse given.

Seven buildings on the exposition grounds will be left for use of the University and the auditorium, one of the finest of this group, cost the State of Washington more than \$300,000. While the exposition is in progress this building will be used for conventions, congresses and conferences, and its hundreds of seats were in place and the building turned over to the exposition management three months before the opening date of the fair
