The "Draw-Cut" Champion Mower
 The Champion Mower is a leader in every harvest field. It gives the very best satisfaction possible under all conditions. Its famous "Draw Cut" makes it the most powerful mower on the market. Read what these users think of it and then send for our catalog.
Superior to Others
 Gresham, Oregon, Feb. 12, 1909.
 M. L. & S. Co., Portland, Oregon.
 Gentlemen: In regard to your Champion Mowers, they have given me every satisfaction. No matter if the grass be heavy or light, I consider them superior to any other machine made for the same purpose. I bought one seven years ago, and I feel all of my own hay, besides a good deal outside, and I sold it last summer for \$25. Will buy another next summer of the same kind. They are strong and durable, and no repairs to speak of.
 Truly yours,
 L. A. JOHNSON.
Very Light Draft
 Springwater, Ore., Feb. 29, 1909.
 M. L. & S. Co., Portland, Ore.
 Gentlemen: I have your favor of the 16th inst., and in reply I am pleased to say that the Champion Mower I purchased from you several years ago has given me perfect satisfaction, operating in the heaviest and hardest cutting grass with perfect ease and without any tendency to clog. It is of very light draft, and the repairs have been limited to the knife only. Yours truly,
 CHRIS TELEPERN.
