county roads for automobile racing was condemned in resolution and the county court was to be notified of the action. The question of a float representing the Granges be a matter for the consideration of the subordinate Granges. A motion re-affirming the attitude of the Grange in favor of the initiative law was adopted and a committee consisting of J. J. Johnson, R. W. Gill and H. A. Darnall were appointed to draft a resolution to the Granges of the state favoring the law.

The following resolutions in respect to the memory of Thos. W. Snashall, deceased, were adopted:

Whereas, death has again invaded our ranks and taken from our midst a brother and a valuable member of our order, therefore be it,

Resolved that in the death of Bro. Thomas Snashall of Pleasant Valley Grange we have lost a good and true friend and one whose influence for good was felt by all who knew him.

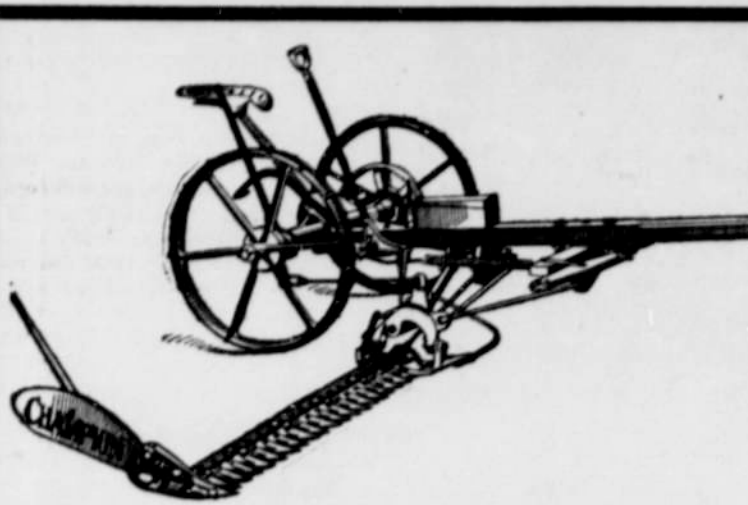

Resolved second, that in the early passing away of our young brother and friend we are forcibly reminded of the uncertainty of life and the necessity of living always in the fear of the Lord.

Resolved third, that these resolutions be spread on the minutes of this Grange and copies be sent to the bereaved family of the deceased and to The Beaver State Herald for publication.

The "Draw-Cut" Champion Mower

Superior to Others
Gresham, Oregon, Feb. 12, 1909.
M. L. & S. Co., Portland, Ore.
Gentlemen: In regard to your Champion Mowers, they have given me every satisfaction. No matter if the grass be heavy or light, I consider them superior to any other machine made for the same purpose. I bought one seven years ago, and I cut all of my own hay, besides a good deal outside, and I sold it last summer for \$26. Will buy another next summer of the same kind. They are strong and durable, and no repairs to speak of.
Truly yours,
L. A. JOHNSON.

Very Light Draft

Gentlemen: I have your favor of the 16th inst., and in reply I am pleased to say that the Champion Mower I purchased from you several years ago has given me perfect satisfaction, operating in the heaviest and hardest cutting grass with perfect ease and without any tendency to clog. It is of very light draft, and the repairs have been limited to the knife only. Yours truly,
CHRIS TELLEPEAN.
