Of Interest to Farmers and Mechanics
Farmers and mechanics frequently meet with slight accidents and injuries which cause them much annoyance and loss of time. A cut or bruise may be cured in about one-third the time usually required by applying Chamberlain's Liniment as soon as the injury is received. This liniment is also valuable for sprains, soreness of the muscles and rheumatic pains. There is no danger of blood poisoning resulting from an injury when Chamberlain's Liniment is applied before the parts become inflamed and swollen. For sale by Gresham Drug Co.

The auto races were the big event last Saturday and drew thousands of people. The course on the Section Line and Fairview roads in the edge of town gave people of Gresham and surrounding country a splendid opportunity to view the speeding autos. With all the turns, the lap of 14.6 miles was several times made at the rate of nearly a mile a minute. The races were interesting and the day was ideal. The Chalmers-Detroit car, driven by Bert Dingley, was the winner in the 102.2 mile race; the Pope-Hartford car winning in class B in 43.8 mile race and the Cadillac car won first place in 43.8 mile class C.

It took just six berries, side by side, to measure 13 1/2 inches and 13 of them made a heaping box. While in bloom many of the vines bore as many as 400 blossoms. Won't Al Hart wish he was back on Gresham soil when he reads this.
