Chamberlain's Colic, Cholera and Diarrhoea Remedy Never Known to Fail.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for 18 years and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Okla. For sale by Gresham Drug Co.

GRANGE BANKS.

Pennsylvania Has Twenty of Them, With Resources of About \$2,000,000.

Among the grange organizations in the state of Pennsylvania there has been worked out a practical demonstration of the fact that farmers are able to have and successfully operate their own financial institutions. In the short space of about three years, says Past Master Hill, some twenty banks and one trust company have been organized. The capital stock of these institutions is considerably over \$1,000,000, and their resources at this time approximate \$3,000,000.

There are about 3,000 shareholders in these various institutions, and while the institutions all receive the usual examination by the state and federal authorities they are also audited and thoroughly examined at frequent intervals by private auditors specially employed for this purpose by the institutions themselves. They are so organized that not one of them is in any way responsible for the operation of another, nor is there any liability attached to the state grange as an organization. This movement has, however, done much to popularize the grange and indicates the progressive character of the membership in the state.

A Woman State Inspector.

Miss Dora Ellis, who holds the office of pomona in the Ohio state grange, is one of the women visitors or inspectors of workshops and factories. She spent most of the winter in Columbus. She was called to Cincinnati for six weeks' work and then sent to Columbus for the third week in April. She next visited Marion and Delaware in her official capacity.

Fire and Tornado Insurance.

The Kansas Patrons' Fire and Tornado association has decreased the cost of insurance to grange farmers of that state by fully one-half. It is now carrying \$8,280,000 in risks on something over 4,000 policies. The cost on each \$1,000 for 1908 was \$2.17. The president and treasurer each draw the magnificent salary of \$50 each.

The business agent of the Ohio state grange reports combined purchases by the members in that state last year of \$16,000 worth of binder twine.

Always First on the Spot.

"I'm afraid I have a disappointment in store for us," declared the explorer. "Not at all, cap. We'll reach the pole in an hour." "And something tells me that we'll find a man there selling post cards."—Washington Herald.

Mayms.

[A fool poem.] While Mayme was in her airship flying through the sky Her craft kept soaring upward. She'd never been so high.

'Twas ten P. M., her bedtime, "With light I can't sleep well"— She tried to blow the moon out, This foolish damsel.

There were 27 children present and after playing games for an hour ice cream was served. They received many presents. Intense Colicky Pains Relieved. "For some years I suffered from intense colicky pains which would come on at times and from which I could find no relief," says I. S. Mason of Beaver Dam, Ky. "Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me by a friend. After taking a few doses of the remedy I was entirely relieved. That was four years ago and there has been no return of the symptoms since that time." This remedy is for sale by Gresham Drug Co.
