**Frank L. Schott Marries Mrs. Howard**  
A pretty home wedding of more than usual interest occurred last Saturday evening at the home of Mrs. C. W. Doane in this city when Frank L. Schott and Mrs. Mabel Howard were married in the presence of a few friends, H. L. St. Clair officiating.

Mr. Schott is a mining solicitor of Portland, having been for many years connected with the Pacific Farmer, and has a wide circle of friends. It came as a surprise that he had at last found a partner in life, but all who know Mrs. Howard confirm the wisdom of his choice. After the ceremony a wedding lunch was served and the couple departed for their home in Portland. They will reside at 915 East Tenth st. North. They have the congratulations and best wishes of many friends.

President Taft, who comes to Portland on October 2, has been induced to cut

out a golf game that had been planned for him here and make a public address so that his admirers here may have an opportunity to hear him speak. It was first arranged to have the big president kept somewhat in seclusion, appearing only at a banquet that could be attended by a limited number. It now appears that in addition to making a public address at the Armory on the afternoon of October 2, he will lay the cornerstone of the First Universalist church on the following day.

The coming visit of the President has been the cause of a new record being set for Oregon fruit. Some admirer has purchased two prize boxes of Winter Banana apples from a Hood River orchard, paying \$25 per box for them and will present them to the nation's executive.

Gresham Feed Mill; first-class work guaranteed; open Sept. 7.

## GRESHAM SCHOOL OPENS SEPT. 13

Books are Dusted and Thoughts Collected by Many for the Coming Event.

The Gresham public and high schools will open on Monday, September 13th, and pupils, little and big, are getting ready for the event. There is every reason to believe that the steady growth of the past few years will be seen again this year in increased attendance. This means longer and better schools and increased facilities and hence better opportunities for the boys and girls.

Gresham's high school is now well established with several years of excellent work done and a bright future. It has graduated fifteen pupils, two in 1906, two in 1907, four in 1908 and seven last spring. Eight pupils are counted on for the twelfth grade at the opening this fall and doubtless more will enter later. The attendance in the high school last year reached 65. The registration will begin early this year as Professor Baker has given notice for high school pupils to meet him at the high school on Friday morning, September 10th, between 9 and 11, to register.

There will be two new teachers in the high school this year. Mr. Steele, who is an Oregon man and graduate of the Albany College, will have the science and mathematics. Miss Judy, recently from the East, a graduate of Park College, Missouri, will teach English and European history. Other subjects will be taught by Professor Baker.

Miss Gertrude Pierce will have the seventh and eighth grades; Miss Hattie Pierce the fifth and sixth; Miss May Goode the third and fourth, and Miss Parnely will have the first and second grades.

The playgrounds will be put in better shape this year, some of the trees cleared out and old buildings removed.

It is expected that the pupils, especially of the high school, will keep up their reputation for school spirit as shown in athletic and literary work and even add to that of the past. Baseball and football and debates will call for the best work of the best students, and "G. H. S." will certainly come in for some pennants and honors this year.

Last year's graduates will make themselves felt in various places. Mark Emery and Hope Myers will attend the State University at Eugene; Hope Anderson will teach the primary grades at Boring; Florence Fieldhouse will teach the primary grades at Terry; Maeve Lovelace will teach near Salem; Ethel Calkins will teach or attend school; Bessie Daily-Mathews will preside over a happy farm home in eastern Oregon. Thus will history be enriched by the lives of these young students, and may their number increase.

### Girl Dies of Typhoid Fever.

Nina McGinnis, daughter of Mr. and Mrs. Henry McGinnis, passed away at their home near Pleasant Home Aug. 31st. She had been sick over three weeks.

Miss McGinnis was born near Pleasant Home on November 6, 1892, and has resided near there since, being 17 years of age. She finished school some time ago and received one of the highest standings in her class. She was converted under a series of meetings held by Rev. Creevy and Mr. Bryner in the Methodist church this spring and was baptised a few weeks ago. She always looked on the bright side of life and had a cheerful word for all. The last talk the writer had with her was to the effect that she wished to live a Christian life her schoolmates and friends could follow.

Funeral services were held in Pleasant Home Methodist church Wednesday afternoon by Rev. Creevy and interment took place in Douglass cemetery. Her Sunday school class purchased a large wreath to show their love for her. She leaves her father and mother, two sisters and three brothers besides many friends to mourn her loss.

### Butler-Gabraith Wedding.

The home of Mr. and Mrs. Waters Butler in Pleasant Valley was the scene of a beautiful wedding on Tuesday, Aug. 31st, when their daughter, Eva Genevieve, was united in marriage to Rev.

B. Newmand Gabraith of Bay Center, Washington.

Promptly at noon the bridal party entered the parlor to the strains of the wedding march played by Miss May Kesterson, niece of the bride, and the ceremony was performed by Rev. Suliger of Vancouver, Wash. The parlor was beautifully decorated in green and white, the contracting parties standing under a large white bell in a bow of ferns and white roses. The bride was dressed in cream albatross made semi-princess style and trimmed with baby Irish lace and carried an arm bouquet of bride roses.

After the ceremony the entire company, numbering about 35, went to the dining room, which was beautifully decorated with green and yellow, where a bountiful dinner was served.

The happy couple took their departure in the evening for Seattle amid a shower of rice and old shoes and the good wishes of their friends.

The bride was at one time a teacher at Pleasant Valley and a great favorite wherever she was known.

### Death of Pioneer.

John Metzger died last Saturday evening at the home of his daughter, Mrs. G. W. Alder, at Melrose. He was 89 years old and came to Oregon in 1849. He was the father of 17 children, seven of whom are living. The funeral was held at Sheridan on Tuesday and was largely attended. The burial was at Shendan where deceased had lived for many years. Mr. and Mrs. G. W. Alder attended, returning on Wednesday.

## GOOD MEETING FAIRVIEW GRANGE

Many Interesting Talks on Important Subjects Relative to Grange Work.

Wednesday was the regular monthly meeting day of the Fairview Grange. Being such a busy season only a medium number of members were present. The Masters' and Lecturers' meeting was held with Fairview at this meeting. Those visiting were H. W. Snashall, J. W. Parsons and wife, Mrs. McKay, Mrs. Windle, Mrs. Stansberry, Mr. and Mrs. Darnall, besides Mrs. Ashcraft and Mrs. Townsend of the Fairview Grange. Mrs. Ashcraft resigned as secretary of the Masters and Lecturers Association and Mrs. Windle was elected to the unexpired term. After some discussion it was decided not to outline additional work for the local lecturers but advised they complete the program on their own initiative. Mrs. Townsend conducted the lecture work. A very interesting recitation was rendered by Eva Townsend and Mr. Dunbar gave an interesting talk on his reminiscences of pioneer days in Oregon, the feature of which was the comparison of the advantages and values of 1850 with those of today. The old Dunbar donation claim included the tract that was recently sold to the county. Mr. Dunbar's father disposed of this tract at \$4 per acre and thought it a bargain. Discussion along the same line was given by Messrs.

Snashall, Parsons and Darnall. Mrs. McKay brought up the question of annexation of north Clackamas and this was also spoken of at some length. Under consideration of the coming Pomona notice was given by one of the visitors that a motion would be made at the coming meeting at Woodlawn to adopt the custom of carrying lunches to the Pomona meetings. The object being to open up a consideration of the question and endeavor to dispose of some of the burden imposed on the entertaining Grange. Another matter that will be referred to the Pomona meeting will be the proposal of a rule to be established at the state Grange meeting of receiving formal reports from only the master, secretary, treasurer and lecturer.

The next regular quarterly meeting of Pomona will be at Woodlawn, Sept. 15th.

### Evangelist Branson Goes East.

Rev. and Mrs. Branson left this week for points in Nebraska and Ohio. Their first stop will be at Kearney, Nebraska, and their address will be Lexington, Nebraska. Captain Branson has been holding meetings in Oregon and recently closed a very successful tent meeting at Lents. He goes to Nebraska to begin evangelistic work, fulfilling engagements made there a year ago during a campaign of religious work. He expects to return to Oregon next spring and enjoy its restful climate after his many years of evangelistic work. He is the kind of citizen we want with always a good word for everyone. Mrs. Branson is a great help in the work and they will be warmly welcomed here on their return.

## WAYS TO LOSE MONEY

### \$150 SAVED BY HAVING A CHECK ACCOUNT

ONE OF OUR CUSTOMERS represented a foreign corporation, they sending him money each month to make purchases for them. This money he deposited here and checked out as he needed it. At the close of the season when he had made final settlement they checked him short \$150. He immediately returned here for his canceled checks. Taking these back with him and rechecking they found he had checks to show he used every cent of their money as directed. These canceled checks furnished them with a complete record of where and how their money was used. This gentleman says if he hadn't had the checks to show where this money went he would have had to lose the \$150.

**Do you do business by Check?**

Another customer of ours became careless; thought it too much trouble to receive checks and deposit in our bank; got down to cash basis; received money and receipted for it in a book. He now finds that there is a difference of about \$500 between his account and the firm with which he traded and says that he fears that he must lose it as he has no good grounds on which to stand them a suit. Had he received checks and deposited with us we could furnish the evidence.
