Bert Duke has just completed one of the nicest little homes on South Main street that can be seen in town. The Wahlberg boys start for Corvallis this week. Thus do we help to swell the number of those who will fit themselves for more useful places among the world's workers. These boys are hustlers and with the advantages that the Corvallis training can give them they will find the world ready to offer them a place among its workers.

The ice cream social that was held at the library building Friday evening was a success. Another entertainment will be held next Tuesday evening, Sept. 28, which will consist of a musical program under the direction of Mrs. Galindo. This should net the library enough to keep it going for several months. Let every person in town take some other person out to this entertainment. It deserves the best support that can be given it. It will be rendered at the Grange hall. There will also be another program at the Grange hall next week, Oct. 2. This will be for the benefit of the hall fund. Skilled artists are secured to render a considerable part of this program; people who regularly appear on the theatre circuits of the country. They will render musical features, comic colored acts, Irish comedy, etc. Better come out and see for yourself. It will also be completed by the appearance of several local people in music and recitations.

Bulletin No. 1

I HAVE ONE REQUEST to make of the people of Gresham and all who read the columns of this paper and that is that they watch this space for my announcements from time to time and that they compare my offers with those of others and then that they come in and compare the goods advertised with the goods in stock. If they will do this but once I am positive they will be my customers in the future. Those who know me best and my methods of doing business will testify that I do as I advertise. The fact that there are many who have stood by me for the past sixteen years is good testimony that this is the "House of Quality Goods" and honest dealing.

The following letter is one of many expressions of our satisfied customers with reference to one of our Hardware Lines and if you will watch this space we will produce others from outside of Gresham testifying to other lines of goods.

Friend John,

Fairview, Oregon.

Dear John:—I was over to Shattuck's at Gresham this morning and while there among the many other bargains that were shown me was the FRISCO LANTERNS. The general makeup of these goods appealed to me at first sight and I purchased one of the copper bottoms at \$1.50 and it is a dandy. You had better go right over and get one before they are all sold.

Yours sincerely,
BILL.

P. S.—There was a hard wind blowing tonight but the light never flickered.

That watch of yours has needs just as much as you have. You need cleaning and fixing up once in a while, and so does your watch. About once a year the proposition of cleaning and oiling that watch comes up. It's then that you want to think of me. The treatment accorded a watch is just the same whether it is the best or the poorest make—that is, the best attention is given it. FLORA is an expert in handling watches. Let him fix up your timepiece.
