Assassin of Prince Ito Boasts Deed Done for Corea.

Harbin, Oct. 27 .- As Prince Hirobumi Ito, president of the Japanese privy council, alighted from his train and advanced across the platform, smil-

dozen revolver shots were fired in quick succession by a Corean in the crowd. Newsy Items Gathered from All Three of them struck Prince Ito and at the second he fell unconscious. He died 20 minutes later.

A panic resulted from the fusillade and when it had subsided, it was found that Prince Ito's private secretary received a bullet, as did Japanese Consul General Kawakan and General Manager Tanaka, of the South Manchurian railway, who had moved closer to the

prince as the firing began. It is thought that these three are not mortally wounded.

The assassin was not hard to locate, as he stood defiantly in the crowd, revolver in hand. He proved to be a Corean, and, with two companions of the same nationality, boasted of a conspirlent general of Corea in satisfaction

for the alleged tyranny of the prince over the Coreans. Prince Ito had come to Harbin to

Eastport, Me., Oct. 27 .- Twenty lives and perhaps more were lost today in the destruction on shallow Seal cove of the steamer Hestia, bound from Glasgow for St. John and Baltimore. > Tokio, Oct. 26 .- News has been received here that Prince Ito, the famous Japanese statemsan, has been assassinated by a Corean at Harbin.

The news was received at Tokio at 3 o'clock yesterday afternoon. The dis-patch contained only the brief anno harm was done. There is no clew nouncement that Prince Ito had been assassinated.

It has caused great grief and consternation.

Prince Hirobumi Ito was perhaps the greatest statesman of new Japan. The achievement with which his name has been chiefly associated in the minds of Occidentals was the framing of the imperial constitution, by virtue of which Japan took her place for the first time in the rank of modern civilized states.

As the emperor's trusted adviser and the medium through which the state was placed on a constitutional basis, he must be regarded as one of the positive Peckham, justice of the United States factors which have helped to win for Supreme court, died at his summer Japan her present standing among the nations.

Washington, Oct/ 26.-President Taft, in selecting a successor to the late Justice Peckham, is expected to choose a Democrat. Senator Root and Secretary Knox, however, are considered among the possibilities. The New York senator has accumulated enough of this world's goods to be able to devote the remainder of his activities togovernment service, but it is rather doubtful whether Mr. Knox could be persuaded to accept.

Therefore exceptional importance attaches to the selection.

Solicitor General Bowers, of the Department of Justice, who is a Chicagoan, is known to stand high in the esteem of the president, and it has been understood that Mr. Taft would like to see him upon the Supremebench. If a Democrat is to be chosen, Secretary of War Dickinson, ex-Secretary of War Wright and Judson Harmon loom up prominently, with Mr. Dickinson running as favorite.
