The entertainment and basket social given by the Pleasant Valley school at the Grange hall Friday night was a success. The efficiency with which the pupils carried out their respective parts in the program reflects much credit on their ability and of their teachers who had charge of their training. Over \$58 was realized, which will go to purchase pictures to adorn the walls of the schoolrooms.

Bank of Troutdale Growing.

The Bank of Troutdale has just issued its first annual statement in the form of a four-page folder that deserves the attention of every one, whether a patron of the bank or not. This bank, organized and opened for business a year ago has steadily increased its deposits from the first, with the exception of one month, until, beginning with a capital of \$10,000, the stock and deposits run to \$39,906.31. During all this time the affairs of the institution have run very smoothly. Public faith has constantly grown and general satisfaction has been expressed with the management. One of the main reasons for the good feeling existing has been the efforts the managers have made to accommodate the public in every detail of the business. A general banking business is being conducted, deposits received, checking accounts opened, drafts issued, loans made, deposit boxes provided, interest on time deposits given and all sorts of banking papers cashed without discount. Of course all these favors cost the institution money, but as can be readily seen they are bringing it more money and as a result have proven a good sort of investment.

WELCHES

We are having a flood here. Salmon river is overflowing, it being about 8 feet above low water mark. The campgrounds are flooded and several of the summer cottages have had their foundations washed out and the buildings have been part-way twisted around and the trees surrounding is all that kept them from being washed away. The water carried away about a thousand feet of lumber belonging to Henry Lang, that was stacked on the campgrounds. The bridge across Salmon is safe and about 6 feet clear of the water. The rise was caused by the snow being melted by a very warm chinook wind and heavy rain storm. It is believed the crest of the flood is past; the water is now running across Slet's island near the center, though there is no damage being done that can be seen.

The Sandy bridge north of here went out some time last night.

Robert Hamm has completed a mile of wire fence for Mr. Riley on his place adjoining Welches on the north-west.

Rowe & Holden are having their ranch surrounding the Rhododendron hotel surveyed into acre tracts and intend to place them on the market.

The high water took Mr. Welch's water pipes out where they crossed the river and the hotel is without water supply at present.

W. B. Steele is visiting in Portland until after the holidays.

Gresham Loses to Jefferson High.

In a hard-fought contest on the local field last Wednesday the Gresham High School football team was defeated by the Jefferson Street High School of Portland. The game started with a touch down for Jefferson. Gresham played a good game but had luck seemed to be theirs throughout the scuffle. Hoss, for the locals, was a star, as also did Metzger play an exceptionally fast game. McCall received a broken nose, after which Gresham seemed to lose confidence in themselves. A large number of enthusiastic boosters were in attendance.

This is the third game Gresham has played this season. In the two games with Oregon City, the first was won by Gresham, 5 to 0; the second resulting in a tie, 5 to 5. The game with Jefferson was 5 to 11.

Coach Congdon deserves credit for his excellent work in bringing the boys to their high efficiency.
