To the patrons of the library at Lents: We have tried every way we can think of to keep the library going. Our last resort is to come to you. If each family would give us \$1 a year or each one give us ten cents a month the burden would be light on each one. We need our library. Surely if our town can support too poolrooms we can pay the rent for one library. Portland pays our librarian. All we have to pay is rent, fuel and light. Unless we meet with more hearty co-operation the library will have to go. We ask all to come and visit the library. We have a large, commodious and cheerful room. We have books on fiction, history and on every branch of industry. Now, good people, come with your help and the librarian will give you credit. Respectfully,  
Mrs. McKinley,  
Mrs. Coffman.
