GRESHAM LOCALS

The president of the Gresham Commercial Club has called a meeting to be held in the Town hall Tuesday night to which all members and citizens are invited. The special topic will be the question of water for the town. It is desired to hear from all sides and get ideas together as to the most feasible plans then make a strong recommendation to the council. Don't forget it on next Tuesday at 7:30 at Town hall—will be a rousing meeting.
 J. R. Campbell, who has been on the Gedanke place temporarily, has rented the M. C. Donahue place at Kelso where he will move soon.
 J. E. Pomeroy, Sandy's enterprising jeweler, was in town on Monday. He is getting ready for a good trade in the jewelry line. See his ad.

 The Methodist church has the money subscribed for building twelve sheds and will erect them at once.
 The Christmas sale to be held by the Ladies Aid of the M. E. church at the Grange hall next Wednesday, the 15th, offers a fine chance to buy articles, useful and fancy, for Xmas gifts.
 The Woodmen Lodge met on Tuesday night and elected R. R. Carlson, V. C.; Earl Townsend, V. A.; Fred Fieldhouse, Banker; Bert Metzger, Clerk; Arthur Fieldhouse, P. C.; E. Kardell, Escort; E. Schwidler, Sentry; Managers, G. W. Farris, Wilkinson and Ardney Davis. They will visit the Evergreen Lodge of Portland on Monday night.
 Will Johnson is expected to arrive from Minnesota any day.

 The violent wind of last Saturday tore away some awning and broke the glass panel in the postoffice door.
 Freight on buggies from the factories to Gresham is \$23, by local freight it cost only \$8 a buggy by the car load. When good guaranteed leather-trimmed buggies are sold for \$58.50 with a written guarantee covering both the material and workmanship, you cannot afford to let the chance go to get one. These cut prices are now being made by C. L. Boes & Co. at Portland, who are successors to Moline Bain Company in the Oregon Moline Plow Company building on East Morrison Street. (tf)

MOUNT SCOTT

Miss Essie Shin, pupil-teacher in the Lents school, has been assigned to a position at half pay in the Arleta school.
 R. O. Bowman moved his family to Beaverton last week.
 Fay Osler and wife have moved to East 30th and Madison.
 The school census recently taken for the Lents district by Prof. Hershur, shows an enumeration of 1135 persons of school age in the district.
 North Main Street has the distinction of being the finest piece of road in or near Portland, so says School Clerk Thomas, who was out this way Wednesday in his chug wagon distributing favors to the teachers.
 Lents is sadly in need of a new waiting room and station. This week has been an especially bad one and yet it may be repeated at any time during the winter season. Even in this storm freight has laid outside exposed to the weather. Freight is unloaded at all times of day, in all sorts of weather. There is no agent and no assurance of safety. If a station were put in an agent could be secured to care for it and drum up trade. The present waiting room might as well be no place at all. In fact it is not a waiting room but open on the side most necessary to be inclosed at this season. Furthermore it is private property and the public really has no claim on it. There is plenty of room on the east side of the street for a long narrow building, suitable for all the freight and passenger traffic for a long time. It has been objected that this would block up the street, but this is not an important street and it will not likely be important for a long time, and anyway, there will still be ample room to pass after a reasonable building is erected.
 "Any way you take it, advertising pays. A mud turtle lays just as many eggs in a season as does a hen, and lays them all in a bunch at that, which is bound to be more of a mental strain; but the turtle doesn't advertise and the hen does, and the result is there's a hundred calls for hen's eggs in the restaurants where there's one for turtle's."
 Advertising a locality by means of a railroad folder is good, and it is money well spent, but the town that advertises itself with a good local paper brings more attention to itself, dollar for dollar, than all the railroad pamphlets in the world.
