The affair was celebrated in honor of the birthday anniversary of the young man and in their many good wishes his guests hoped that every mile-stone of his life's journey will be as agreeably

passed as this one. Garnett has been one of us for several years and is highly respected. The handsome home of his parents was thrown open for the entertainment of his guests and its artistic interior presented a charming scene, where gallant youth of both sex danced to the strains of sweet music and charming maidens served choice refreshments. One of the guests, Mrs. E. E. Arnsperger, also rejoiced in a birthday on that date and was the recipient of many presents and good wishes.

Popular Plan For a Cottage.

Design 859, by Glenn L. Saxton, Architect.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH.

FIRST FLOOR PLAN.

SECOND FLOOR PLAN.

This plan for a story and a half cottage has proved popular. The exterior has a very homelike appearance, and the interior is as cozy as it could be made. There is a large living room across the entire front of the house. At one end is an open fireplace faced with large dull green tile, having a heavy molded shelf with large brackets. Above are two side lights. The dining room is a little beauty. It has a beamed ceiling, built in sideboard and paneled wainscoting with burlap panels. There is no undesirable pantry, but the kitchen is well fitted up with cupboards, molding table and flour bins. Kitchen finished in ivory white enamel, and the cupboard doors are of birch stained brown. Size 28 by 28 over the main part. The trim in first story is birch stained a soft brown. In the second story the casings are of pine enameled pure white, and the doors are of birch stained to represent mahogany. Cost to build, exclusive of heating and plumbing, \$3,500.

By special arrangement with me the editor of this paper will furnish one complete set of plans and specifications of design No. 859 for \$25. GLENN L. SAXTON.
