Richardson, the familiar booster, also gave a rousing address and expressed his hearty approval of the work and enthusiasm of the Rose association. After the program a supper was served at the home of I. R. Dodge.

CHERRYVILLE

People of the Three-Six district are all feeling good over the prospects of securing titles to their claims. Some of them have already obtained deeds and others are arranging to do so. Thus ends one of the historical incidents of the locality and the state.

The 3-6 district has been visited by more and heavier snows this winter than ever before. Fully four feet has fallen at one time.

Some of our people will be more careful after this to observe the game laws, in respect to elk and deer. It cost one man \$125 last week to fracture the stat tues. Others may be included yet.
