WILL GET BETTER ROADS.

Resort Men in Monroe County to Provide Highways For Motorists.

An important meeting of proprietors of hotels of the resorts throughout the county was held at Stroudsburg, Pa., recently, at which it was decided to boom the region as it has never been boomed before.

At the meeting another matter of much importance was taken up and discussed—the question of good roads. This is not a new subject, but it was given a new impetus by the action of the resort men.

The club wants the assistance of the people of the region in the proposition, and this it is assured of receiving. The committee to be appointed by Mr. Williams is to work in the interest of the movement.

The action of the association to improve road conditions has created more interest in the season about to open, the resort men being of the opinion that if the plans of the committee are successful.

When the season of 1910 opens everything will be found to be in readiness for the proper accommodation of visitors, who take so much pleasure in staying within the borders of the county.

GOOD ROADS CAMPAIGN.

Highway Commission Reappointed in Ventura, Cal.

The supervisors in preparation for proposed bond issues in Ventura, Cal., have reappointed as county commissioners Messrs. Clark, Edmundson and Fleisher.

But the financial depression came on, work was dropped and the commission discharged. Since then agitation has been started for a renewal, and a proposition has been set on foot to bond the county for \$1,000,000 for good roads and a number of bridges.

The matter of a choice of a courthouse site in Ventura has been selected by the supervisors. Citizens have raised a purse of \$20,000 with which to buy a site, the location being left to the supervisors.

Half Million For Texas Good Roads.

Seventy-two miles of country roads, distributed throughout the entire county, are to be paved by Harris county, Tex., with shell and gravel within the next twelve months out of a recent road and bridge bond issue of \$500,000.

A Good Roads "Smoker."

Recently the Business Men's association of Larned, Kan., gave a good roads "smoker" which was attended by more than 300 citizens of the county.

Need of Dry Roadbeds.

The most important object in draining a road is to lower the level of the ground water. If this is within a few feet of the surface it will be absorbed by the material of the road by capillary attraction.

Improving Old Highways.

Frequently old roads can be greatly improved at a very little added cost. Thoroughly drain by using tile and render more efficient the open ditches along the sides. Careful attention to the road surface, keeping it smooth and free from hollows, will result in very marked improvement.
