CHRISTMAS GIFTS FOR MOTHER AND FATHER

Everything has its place in the great economy of things, and the useful Christmas present is not barred out. In the great array of gifts spread out to choose from it is not well in every case to be led away from the useful by the mere glitter of brass and erytal.

There are other useful gifts besides collars and pajamas, bathrobes and corset covers. Each person's home life suggests hundreds of needs which do not touch too closely on the personal and which yet may be numbered among the useful.

Why Not Buy Mother a Bag?

Mother can never have too many shopping bags, for they have an pleasant habit of wearing out very

VELVET SHOPPING BAG.

rapidly. Then if she is a mother who likes to keep up to the minute in her fashions she will appreciate a shopping bag such as the model seen in the illustration. Light gray velvet is the fabric used, and it is hand painted in soft colors. The appearance is much like suede, but it is ever so much newer and smarter than the average bag of commerce. The handles are also of the velvet. It is fitted with a long purse between two open compartments.

Gifts in Mourning Jewelry.

When mourning is worn there are useful and attractive gifts to be found in the shops. Among them are black onyx beads, a necklace or a locket chain in gun metal. An umbrella with one of the new gun metal handles is always appreciated. Or what do you think of a dull jet comb for the hair?
