## EDITORIAL COMMENT

### OREGON STARTS A PROSPEROUS NEW YEAR

Baker county has an irrigation project on foot involving the expenditure of \$4,000,000.

About 200,000 apple trees are being planted in Douglas county this year.

An oat meal mill is established at Baker.

Eugene is to have a match factory.

Polk county is to have the largest English walnut orchard in Oregon. Recent purchasers of the Hart ranch near Falls City will plant 6,000 walnut trees.

Oregon produced this year 615,034 bushels of corn and 17,000,000 bushels of wheat.

Oregon shipped green fruit during the past season amounting to 3,500 cars.

Orchards in the Ontario district produced at the rate of 1,000 boxes of apples to the acre.

The Columbia river output of salmon for the season was 290,000 cases valued at \$3,500,000.

The value of traffic on the Columbia increased \$3,200,000 in 1910 over the same period of 1909.

Oregon grows more hops than any other state, 90,000 bales produced in 1910 valued at \$3,000,000.

Eugene reports that 3000 people have been brought into that city during the past year.

A sale of southern Oregon sugar pine covering 40,000 acres is reported from Medford to an eastern syndicate. The purchase price was \$3,500,000.

The Hood River Apple Growers' Union paid \$201,000 to orchardists during the three months commencing with September.

Gresham has a new railroad. Bull Run water is promised and everything looks rosy.

The Portland city council are strong supporters of monopoly. At a recent meeting an ordinance was passed to fix a license of \$100 on each person who retails fish from wagons on the streets. This means that the fish business will be controlled by the commission men who will sell through the established dealers and that the prices will also be fixed by these same gentlemanly hold-ups. Poor people who cannot afford to buy meat will now have to consider fish a luxury, even in the overdone season.

There is a movement on foot to change the date of the annual open season for big game in this state, probably making Dec. 1 the beginning. This appears to be a reasonable change. There apparently could be no harm in it, while the danger from camp fires would be reduced to a minimum.

The grangers of eastern Multnomah missed a treat on Saturday evening. The editor of the Herald had plans to bring Mortimer Whitehead out here for an evening lecture, and wrote to Washougal where he was to be on Friday. But Mr. Whitehead went to Olympia on Tuesday and returned to Vancouver to find that his train to Washougal did not leave till so late that he could not reach Washougal in time to have a meeting and so he did not get the letter. It is hoped that Mr. Whitehead will be in this part of the state again about the last of March. It may be possible to get him out this way at that time.

We are in receipt of the annual catalogues of Routledge Seed and Floral Co. of Portland and Chas. H. Lilly & Co. of Seattle, both elegant new price lists, handsomely illustrated and free to all who request. The Herald is preparing to issue the catalogue for Gill Bros. of Cleone, of all home grown seeds and bulbs. It will also be for free delivery as soon as completed.

The driveway will be fixed so teams can reach the freight house. He has also arranged to have grading done. Work will be begun within the next few days.
