SYSTEM FULL OF URIC ACID—THE GREAT KIDNEY REMEDY CURED

Two years ago I was very sick and after being treated by several of the best physicians in Clinton, I did not seem to get any better. I was confined to my bed. Seeing your Swamp-Root advertised, I resolved to give it a trial. After using it for three weeks, I found I was gaining nicely, so I continued until I have taken a number of bottles. I am now restored to health and have resumed my labors. My system was full of uric acid, but Dr. Kilmer's Swamp-Root cured me entirely. I am sixty years old.

Yours very truly,
W. C. COOK,

American Knee Bends Only to Two.

When the czar of Russia was the most conspicuous personage in Europe a visitor at Washington was relating how strangers to the czar knelt in his presence. On finishing the story the speaker remarked to Senator Benton: "I suppose, colonel, that you could not think of kneeling to the czar?" Benton instantly replied with tremendous emphasis: "No, sir, no sir. An American kneels only to God and woman."

You will agree, perhaps feel chilly. You think you are catching cold. Don't get it until you know it. Take a dose of Lander's Sarsaparilla and you just can't catch cold.

Strong Reasoning Faculties.
Behold a conductor making his way through the car, curiously scrutinizing every one's feet. He looks puzzled and finally holding up a lace half shoe with a laced gaiter in place around it calls out, with a broad brogue, grizzling widely: "Sure, will the parson with a wooden leg please claim this!" All the women in the car nervously pull their skirts still further down, and the men put away their newspapers.—New York Press.

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. The favorite family laxative.

Humor of the Wag.
"Yes, he's a very merry wag," says the Cleveland Plaindealer. "The last time he went to Mexico his wife asked him to bring back some of the embroidery work for which the country is famous. When he reached home he handed her a box containing a half dozen human teeth. 'Mercy,' she cried, 'what's this?' 'Mexican drawwork,' he trippingly replied."

What He Could Carry.
An Atlanta man not long ago met a lady who was driving a horse so thin that it staggered as it walked. "Why don't you put more flesh on that nag?" indignantly demanded the Atlanta. "Because he, boss," replied the driver. "But I'd do best I kin. Cain't see, boss, dat no' hoss kin hardly carry what little flesh he's got on him now?"

Mounds Over Chinese Graves.
There is no market for American-made metal monuments in China for the simple reason that the Chinese do not use monuments for marking graves. The coffin is interred about a foot below the surface and over a mound is raised, its size depending upon the rank of the family and a feeling toward the departed member.

TO CURE A COLD IN ONE DAY.
Take LAXATIVE BISMUTH. Quinine Tablets refund money if it fails to cure. E. W. KILMER'S signature is on each box. 25c.

The Excuse ingenious.
An Irishman and his English friend were out rabbit shooting. They had been very unsuccessful and were returning downhearted when they saw a hare dart out of the hedge. Mike, in amazement, failed to shoot, and the hare escaped. "Why didn't you shoot it?" asked the Englishman. "Shure," said Mike, "I didn't see it till it was out of sight!"

Knew Him as a Clean-Cut Man.
An applicant for citizenship went with a citizen before Judge Chatfield in the United States district court in Brooklyn. "Are you sure this man will make a good American?" asked the court of the witness. The witness was sure. "Why?" asked the court. "Because," answered the witness, "I have shaved him for ten years."

PILES CURED IN 6 TO 14 DAYS.
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Bleeding or Protruding Piles in 6 to 14 days. 50c.

Sympathy Begets Sympathy.
In life, in school, in society our personal enthusiasms and mental desires will attract from others that which will satisfy them, and will draw unto themselves the best from other minds. No one learns without first wishing to learn—that is certain. That no sympathy is gained without a like gift is almost as equally sure. Indifference never can accomplish this.

Aid for Near-Sighted.
A German inventor has devised what he calls telescope eyeglasses. They are intended for the use of short-sighted persons by the very simple means of enlarging the image on the retina. They are especially designed for that class of near-sighted people who cannot wear the ordinary simply corrected glasses.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Tar Mixture and Roads.
The trees and shrubs along the Bois de Boulogne have suffered greatly from the effects of the oily dust from the roadway, which settles on the vegetation and ultimately kills it. In Sioux City the practice of tarring the roads has been discontinued entirely on this account. The advocates of road tarring claim that this result is owing to the improper application of the tar mixture.

You Can Get Allen's Foot-Ease FREE.
Write Allen S. Olmsted, La. Roy, N. Y., for a free sample of Allen's Foot-Ease. It cures sweating, hot swollen, itching feet. It makes new or tight shoes easy. A certain cure for corns, ingrowing nails and bunions. All druggists sell it. 25c. Don't accept any substitute.

Novel Dog Hospital.
Open air treatment for pneumonia in dogs has been adopted by a New York home. During the last few weeks the roof of the building has been converted into a modern dog hospital and canine patients are treated there each clear day. Already the home's veterinarians say, several cures have been effected.

Ideals Always Important.

It is by believing in, loving and following illustrious ideals that a man grows great. Their very impossibility is their highest virtue. They live before us as the image of that which we are to grow for ever.—Stopford Brooke.

Keep the Voice Modulated.
A loud voice is praiseworthy in the trainman, the cattle herder, the orator, who harangues a crowd on the Fourth of July, but it is unnecessary and unseemly in the successful business man, or in the guest at the house of a friend. Modulate your voice.

Loss in Heating Value of Fuel.
Recent tests of the loss of heating value of coal in storage indicates that it is so small that it is hardly worth consideration. Illinois coal put to the test at the University of Illinois lost less than 3 per cent. in the course of a year, but the most serious matter is the loss by fire from spontaneous combustion and the breaking up of the coal into small particles so that the loss by dust is a matter of some moment.

Unavoidable.
A correspondent writes to correct a story printed in the Cleveland Plain Dealer several days ago. "In the snake story I sent you," he complains, "you made one mistake. I told you that the snake was 20 feet long and you had it only ten feet long." The editor says he is very sorry, but the error was unavoidable. "We were very much crowded for space when we used the story and we had to cut everything down."

The Brain's Eye.
R. W. Doyle, in Medical Record, states that "eye" really exists in the brain. It is, in fact, a very compound thing, a subconscious brain judgment involving many other organs than the actual anatomical eye. It involves knowledge, experience, very largely the sense of touch, and sometimes the sense of hearing or smell.

Whale Stranded on England's Shore.
Losing its bearings in the shallow waters of the Wash, a specimen of the fin-whale became stranded on the beach at Holme-next-the-Sea, England. When first discovered it was wounded and was seen spouting and lashing the water into foam close in shore. When the ebb tide set in it was stranded, and numerous people witnessed its dying gasps. It was some thirty feet in length and about sixteen feet in girth.

Idea From South Africa.
A South African baker has perfected a baking process by which steak is grilled at a temperature of 1,000 degrees. Steam at 220 degrees is transferred through pipes and a superheater into the grilling air. The hot air will cook a whole ox, so it ought to do for barbecues.—New York Press.

Changes of the Hair.
Hair darkens some 55 per cent. during the first five years of life, and a further 33 per cent. up to the age of forty-five. This darkening is more marked in males than in females.

Was Used to It.
Country Boarders—"Don't you, see, pretty maid, how we are all following you?" P. M.—"Oh, yes, when I come home from the pasture the goats do the same."—McKendrorfer Blaetter.

CAP and BELLS

FAR FROM BEING PRACTICAL

Gwendoline Was Willing to Leave Home of Luxury for That of Poverty and Self-Denial.

"And so your father refuses to consent to our union?"
"He does, Harold."
The sad youth swallowed a sob.
"Is there nothing left for us, then, but an elopement?" said he.
"Nothing."
The girl was fond, but firm.
"Do you think, Gwendoline, that you could abandon this luxurious home, forget all the enjoyments of great wealth, banish yourself forever from your devoted parents' hearts, and go out into the world with a poor young man, to enter a home of lifelong poverty and self-denial?"
"I could, Harold."
The sad youth rose wearily, and reached for his hat. "Then," said he, "you are far from being the practical girl I have all along taken you to be."
And with one last look around on the sumptuousness of the home that some day he had hoped to share, he bobbed and said farewell.

Couldn't Stand That.
Daisy—So you're wearing Gerald's ring again! I thought you sent it back to him and told him he needn't call again—it was all over between you.
Mazie—I did, but he didn't take it as I thought he would. He called, said I had done just right, that it was all for the best, and that he was convinced we never could be happy together, anyway. You don't suppose I was going to stand for that kind of talk, do you? I wept one little tear—and the next minute he had my head on his shoulder, was calling me his darling, and telling me he couldn't live without me."

Embarrassing.
"You certainly have not got much tact."
"What have I done now?"
"Jumping on Mrs. Jinx the way you do about encouraging her husband to go hunting, and asking her how she would feel if he should be brought home dead?"
"Well, what's the matter with that?"
"When a woman's husband carries \$100,000 life insurance you should never ask her how she would feel if he were to die."

Solving a Deep Problem.
"Don't you think it extremely vulgar to speak of the human eye as a lamp?"
"Yes, indeed; and even worse to call eyes 'glims.'"
"And 'optics' always seem so affected."
"Right you are. While 'peepers' is highly suggestive."
"True. What do you think would be most proper?"
"Why not content ourselves with calling eyes eyes?"
"By jove! That's a happy thought."

EITHER WAY.
"Why, Jimmie! Is it true that you gave little Bobbie a black eye?"
"Y—Yessum." "What excuse have you far such a brutal act?" "W—Well, he provoked me." "How did he provoke you?" "He hit back!"

He—I could vaise to heaven with you, sweetheart.
She—But I don't want to vaise to heaven.
He—Let us reverse then, dear.

They Tell Not.
"Are all those houses boarding houses?"
"Yes, and this is Easy street."
"Why do you call it Easy street?"
"Because of the tranquil lives led by the husbands of the women who conduct these boarding houses."

Prompt Action.
Journalist—There was a shocking murder last night. Have you arrested the murderer?
Police—No, sir; but we have locked up 20 people who saw the crime committed.—New Magazine.
