

GRESHAM AND VICINITY

RESUME OF THE WEEK'S DOINGS IN AND AROUND THE CITY

Mrs. King is visiting her daughter, Mrs. J. M. Short.

Carl Congdon is visiting the home folks this week.

Louner Pugh is spending the vacation with his father in southern Oregon.

Mrs. J. A. Stephens of Pleasant Home was the guest of Grandma Jones one day this week.

Miss Hope Anderson is spending the few days vacation with her mother, Mrs. J. E. Miller in Portland.

D. M. Kern made a trip to Portland and purchased a fine team to use in the lumber business Wednesday.

Miss Gladys Neal has been a victim of measles the past week, but is reported to be on the way to a rapid recovery.

W. E. Wood accompanied by his uncle D. D. Wood, went to the live stock show this week and reported it as very fine.

Alex. M. Browning has traded his town property on Hood avenue for farm property at Cottrell and will probably move there from Clinton next fall or winter.

Mrs. Grace Stout returned from California after a four months trip. Her sister Floasie remained in California for the present. She is much better by a change of climate.

Fred Forbes accompanied by his wife and daughter Katherine and Mrs. Ogilbee of Portland, came out in their auto and spent Sunday with Mr. Forbes' aunt, Mrs. W. H. Bond.

Miss Blanche Brink made the Herald a pleasant call on Saturday of last week and renewed acquaintance with the editor. She reports Troutdale as being steadily improving and as likely to have an unusual good summer.

Mrs. Rose Metzger and family will move back from Portland in the near future. Mrs. Metzger has rented the rooms occupied by W. H. Bachmeyer and family and they will move into the James Robinson house on Roberts avenue.

The Mount Hood Railway Company has raised the wages of all employees to the extent of fifty cents a day. The call for so many men east of the Cascades by the O. W. R. & N., has had the effect of giving all the men more wages.

The wagon bridge across the big cut on Stanley avenue is practically finished, and is one of the most solid pieces of bridge structure in Eastern Multnomah. It was built to stay, although it is not full width of the road, and will last many years.

Postmistress McColl has received an inquiry from Mrs. M. E. Solter, Springfield, Mo., seeking the whereabouts of Oscar Moore, her brother, who was in this vicinity about eight years ago. Anyone knowing his address will please notify him that important news awaits him.

Cat fishing on the Columbia slough is good sport these days. The fish are above average size this spring and are being caught in large numbers. No license is required to fish for cats, as they are not protected by law. The protected fish, if caught must be thrown back into the water.

Harvey and Orville Spath were taken down with measles this week, but are now on the way to recovery. Mrs. Spath, their mother, was carrying rural Route No. 3, while Mr. Manning was taking his vacation, but was obliged to remain at home, requiring the regular carrier to re-sume his duties.

All of the damaged water pipe on the new Bull Run line—the 37 lengths which collapsed while being tested—has been removed from the trench and the work of replacing it is well under way. The first two miles tested, which successfully stood the strain, has been covered up and is practically finished.

Mr. and Mrs. M. Carmen expect their son, Lee Carmen, of Drayton, North Dakota, to arrive next Sunday, also their daughter, Mrs. Cauleys from the same place. Mrs. Cauleys will be accompanied by her son and daughter and will spend the summer here. Mr. Lee Carmen expects to make this his home.

James Hillyard, road superintendent in the district east of Gresham, has had a grader at work on the county roads for nearly two weeks now and will soon have all the damaged roads put in as good shape as possible by that means. He is preparing for an extensive campaign of road repairing and construction and will have all the teams and men available at work in a short time.

At the foot of the Littlepage hill, four miles east of Gresham, is an old and wornout bridge spanning the south branch of Beaver Creek which will be replaced with a new and more substantial structure. As it will be necessary to close the road leading from Powell Valley to Troutdale for about two weeks, when pipe laying is resumed at that point, the road will be closed twice. The bridge will be built next week thus requiring a second closing of the road which is one of the main thoroughfares in that district. Lumber for the bridge is now on the ground.

Gresham girls cannot win every time. One of the warmest games of the season was pulled off last Saturday night between the basket ball team of the Silverton high school and the Gresham girls team. But the Silverton girls out weighed the local team, were surely expert players, and perhaps a little out of our class. Gresham girls will play at The Dalles next Friday evening.

Hawthorne Athletic Club met the Gresham high school boys on Friday evening and one of the best games of the season ended by the Gresham boys winning by a score of 33 to 25. Bert Hoas was referee, and being his first game as referee he felt a little timid, but the results were satisfactory to everyone.

A. D. Edwards of Sandy, and Henry Boss of Route 3, Gresham, are two new Herald subscribers taken on Monday of this week. Mr. Edwards is employed with the Straus Lumber Co., and Mr. Boss is the proprietor of a new dairy near Sycamore.

Measles, measles, 70 cases reported and as a consequence school closed down Tuesday morning on account of irregularities due to sickness. The pupils may have a two-weeks holiday of it, but no one knows just how long it will last.

The "I Won't" class were entertained by their teacher, Mrs. J. W. Lawrence at her home Thursday evening. The evening was spent in games and music after which refreshments were served. Everyone reported a good time.

Work has begun in earnest on the new building to be erected by Arthur Dowsett and is being directed by Arthur Regner, who has the contract.

The pastor in the M. E. Church next Sunday will preach in the morning on "A call to do Unappreciated Work." In the evening, "House Furnishing."

Mr. and Mrs. J. W. Shattuck spent Friday in Gresham.

Mr. and Mrs. Leslie made a trip to the city Wednesday.

Miss Culy was in Portland one day this week.

It is made of the best quality hard steel galvanized wire. The knot is simple, strong and effective; has four points of bearing; cannot slip and has no sharp ends, yet is flexible, allowing the fence to conform to uneven ground.
