

NO SEAT—NO RIDE

The people of Portland are about to have an election. Among the interesting propositions they are asked to make into law is an ordinance

MAKING IT A MISDEMEANOR FOR ANYBODY TO BOARD A CAR UPON WHICH THERE IS NO VACANT SEAT

Perhaps you never heard of a community trying to pass laws that would make it easy for their own policemen to arrest them, but that is the ridiculous condition of affairs they are trying to make themselves believe will make an easy solution of the street car problem. VOTE "NO"

GRESHAM AND VICINITY

RESUME OF THE WEEK'S DOINGS IN AND AROUND THE CITY

Don't forget the Senior class play to-night.

Mrs. R. H. Todd has been spending a few days in Portland.

C. S. Smith of the Smith Land Co., spent the first of the week in Hood River.

Misses Mary and Minnie Helms are both very sick with the measles at Mrs. Hevel's.

Miss Lelia Gibbs who is in training at St. Luke's hospital, Boise, Idaho, has been very ill but is slowly recovering.

Next Tuesday being Memorial Day there will be no mail service on the rural routes. Postoffice will be open from 9 to 10 in the morning.

Mrs. O. O. Cone was seriously injured last week by walking into the pipe ditch after dark. There was no lights at this place so she stepped off without any warning.

Rans W. Thorpe returned home this week from Lester, Wash., where he is employed on the Northern Pacific. He is taking a vacation probably of several weeks' duration.

The Greeks at the big Mount Hood camp, at Craswell's, went on a strike a few days ago and 125 of them were discharged. Their places were filled by a mixed crew of Austrians and Bulgarians.

J. W. Roots has subdivided his 720 acres near Boring into small farms. He will place it on the market at prices ranging from \$175 to \$225 per acre. It is in a good district, on logged-off land, and is well adapted for fruit growing.

Miss Grace Lawrence, who has been attending business college the past winter, has accepted a position as bookkeeper for the Multnomah and Clackamas county Mutual Telephone Company. She will also keep the books for the Gresham Drug Co.

The Oregon Nut & Fruit Co., has bought a tract of land containing about 80 acres on the Base Line road just below Rockwood. The price was \$80,000, which shows the trend of increase in valuations. The tract has been named Casmur and will be sold in small acreage farms to homeseekers.

Miss Edna Bell, formerly of Rockwood, and well known all over eastern Multnomah, was married at her home in Portland on May 14, to Charles Catlow. They went to eastern Oregon on a honeymoon tour and will be at home next month in their new house at Woodstock.

So far as known "Maple Leaf" farm owned by W. E. Craswell, eight miles east of Gresham, was the first to be registered in Multnomah county under the new law. The privilege costs but a dollar and many more will probably take advantage of the opportunity to secure an exclusive name for their farms.

The four victims of the steam shovel accident, last week, were buried in the Gresham cemetery on Monday. Relatives of three of them were located but those of D. Hunt are still unknown. Clackamas county paid the funeral expenses as the Mount Hood Construction Company refused to go to the expense.

The public reception and entertainment given by the commercial club last Friday evening was a brilliant success and thoroughly fulfilled all expectations of its promoters. C. C. Chapman, the famous "educator" of the Oregon Development League, and W. W. Cotton were the speakers. Other exercises were by local talent.

Dr. Belt met with a painful accident last Monday afternoon at 1:30 on the Hawthorne bridge. The cars were crowded close together while a boat was passing through and when the car in front of the one that he was in started it slipped back, forcing the one behind it back into the next one causing a collision in which Dr. Belt got three ribs on his left side broken. He is improving but not able to resume his practice yet.

The dairymen's meeting tomorrow afternoon will bring another big crowd into town. The association will elect five trustees, after the by-laws have been adopted, from among whom the officers will be chosen. Among those mentioned for trustees are C. E. Fritz, Theodore Brugger, H. E. Davis, F. H. Crane, H. Mullenhoff, B. C. Altman and Ernest Schwedler. The membership will number over 50 and they mean business.

Pipe-laying will reach the city limits on the east by the end of this week and will follow closely the opening of the trench all the way through town. The huge ditch and the great banks of dirt make things mighty inconvenient but another month will see the job done through Gresham. Following that will come the sewer construction and laying of city water pipe and Gresham will have torn-up streets all summer.

Why be bothered with two pairs of glasses? Call at Fieldhouse the jeweler, Wednesday May 31, have Dr. Lowe show you the new glasses with which you can see all distances. No lines or seams in the glasses to collect dirt and strain the eyes. Free demonstrations. Remember the date Dr. Lowe May 31.

Dr. Lowe May 31.

National Educational Association San Francisco, July 8-14

For parties desiring to attend the above meeting a special round trip rate of one and one-third fare has been made by the Southern Pacific Company, from all points on its lines in Oregon. Ticket on sale June 1, 10, 20, 30, July 2 to 8 inclusive, with going limit July 10 and final return limit September 15, 1911. Stopovers allowed within limit.

For more detailed information, fares, etc., consult any local agent.

Have Dr. Lowe relieve your head and eye ache with a pair of his correct fitting glasses. They cost no more than others and you have the benefit of his skill and more than 20 years experience. Consult him about your eyes and glasses Wednesday May 31, one day only at the jewelry store of Mr. Fieldhouse.

Many of our young women in Portland do not know how to eat, what to eat; how to cook, what to cook; how to walk, dress, eat, talk or sing. Many of them would be greatly benefited all through life by a single term in the Oregon Agricultural College. Many young women sent there have learned how to be healthy, helpful and strong in body and soul.

Sunset Magazine for June. "In Apple Land," by Walter V. Woelke, beautifully illustrated in four colors. "The Biggest Job in the World," by Frank Saville. The present status of the Panama Canal. "The Spell," by the Williansons. Ask your newsdealer.

With parcels post systems in operation and beneficially so in practically all leading foreign countries, it would seem to be but a short time until such a system, or a modification of it, will be adopted in this country. Country dwellers are beginning to make insistent demand for the adoption of the plan, and this means that the professional politician who has his ear nearer to the speaking tube of the express companies than the folks out in the corn, wheat and cotton fields will have to get busy shortly if he stays in office.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment wonderfully effective. One application will convince you of its merits. Try it. For sale by all druggists.

How to Look Pleasant.

By her gracious and cordial manner the wife of a western senator has long charmed those so fortunate as to attend her delightful "functions."

On one such occasion a close friend was alluding to the hostess' graceful method of making every one feel at home. "How on earth do you manage to do it?" the friend asked.

"Oh, it's easy enough," replied the woman with the engaging manner. "As each guest approaches to shake hands I just pretend to myself that the person I am going to speak to is some one I like."—Chicago Record.

J. M. Howell, a popular druggist of Greensburg, Ky., says, "We use Chamberlain's Cough Remedy in our own household and know it is excellent." For sale by all druggists.

The parents of half-grown sons and daughters in the cities of Oregon would do well to consider the advantages offered by the Agricultural College at Corvallis. The work there is a training that makes for better women and better men, happier homes and longer lives. The daughters and sons of our mechanics need this training as much as do the children of the farmer.

Humor and Philosophy

By DUNCAN M. SMITH

PERT PARAGRAPHS.

IT is said that prosperity is a better test of character than adversity. At any rate, it is the one that has our preference.

The reason Friday comes once a week is because we must have something to accredit our bad luck to.

It always makes a woman cross to find her husband sympathetic with another woman's woes.

Would an old age pension induce a woman to own to sixty years before she was ninety?

Man has no vanity, but still he does like to show how nicely his hose match his tie.

What an antediluvian the man who used to do bicycle stunts at the county fair appears today!

GOOD MATERIAL, honest workmanship, and careful attention to sanitary conditions make your plumbing a source of pleasure.

In "Standard" fixtures you get guaranteed materials—you run no risk. And in our service you receive the results of experience, skill, and an honest desire to furnish plumbing of unequalled quality.
