The rainy season seems to be here in earnest, as it has rained more or less for three weeks.

Tea society event of the week in this "neck of the woods" was the masquerade social at the home of Mr. Parnell Averells on the hill one mile west of this burg. The evening's performance concluded with a light collation.

The opening up of the railroad lands will make a great many happy homes in this favored land, and if the railroad company has any hope of retaining these lands it is sadly mistaken; for the government, which is the people, is determined that the land should be utilized and fully occupied by families from the overcrowded east. Next Sunday, May 28, the Gresham Blues will visit us on the home grounds. Everybody cordially invited. We would be pleased to see a large crowd from Gresham and also everyone from Argonne.

It is rumored in our burg that we must have a postoffice and bury the faithful old name of Pleasant Home for the sake of Argonne or some other foolish name. Pleasant Home has stood for a good many years and should stand until it can be replaced by something which would benefit the community in general. Another thing to consider is that we have had a mail service which is hard to beat since the rural route was started from Gresham, which I for one and a good many others surely do appreciate.
