

AVOID THE "TIRED FEELING"

It attacks your energy and makes Summer the season of "lazy days." Avoid this "droopy" condition by using a simple and economical expedient—an Electric Fan.

It keeps the air clean and cool and invigorating—it keeps human efficiency at par. In a close, stuffy room you get stale and drowsy—in a cool room you feel keen and active. An intelligent regard for physical economy demands the use of an Electric Fan. Costs less than ONE CENT AN HOUR TO OPERATE

RESUME OF THE WEEK'S DOINGS IN AND AROUND THE CITY

Miss Laura Bulkeley spent Wednesday evening in Portland.

H. E. Davis and family are at their mountain home at Welches.

Miss Florence Cleveland, of Portland, is spending a few days with Mrs. Faris.

S. McCargar of Tillamook is spending the week with Mr. and Mrs. M. Carman.

Fishing parties to Bull Run are popular just now. Several good catches were made there last Sunday.

Grandma Wood and Mrs. Harry Wood went to Montavilla today to spend the day with relatives.

W. H. Congdon has just received the sad news of his oldest brother's death, J. C. Congdon at Brainard, Minn.

L. P. Manning, carrier No. 3, will take his vacation August 1. Mary Hanson has learned the route and will be his substitute.

R. I. Anderson, of North Yamhill, Oregon, made the Herald office a call last Saturday while in Gresham on business.

Miss Helen Metzger has gone to Quincy, Ore., to visit her mother, Mrs. Grace Quick. Miss Helen took her cousin, Miss Bonnie Metzger, with her.

Miss Culy will not go to Portland on library business during August and the library will be closed every evening during August but will open at the usual hours during the day.

The Shattuck & Lindsey baseball team has been reorganized with Sig Knighton as manager and several new players. The season will be finished with some good games during the next few weeks.

Mr. and Mrs. A. J. Nye, of Portland will go to Welches next week and open the Merrill cabin. They will be accompanied by the Misses Ethel Merrill and Grace Rhule and Messrs. Charles and Lee Merrill.

E. E. Chipman has returned from his vacation, lasting fifteen days, and went to work again this morning. He and his wife spent most of their time with their auto in Columbia and Yamhill counties visiting relatives and friends.

Thomas Bell, working for O. I. Neal, fell through a hay loft a few days ago and was severely bruised. His right shoulder was dislocated, and other injuries added to that infliction has laid him up for an indefinite period.

Jack, the youngest son of Jerry Stanley, was badly cut about the lower part of his right leg on Monday by the sharp shoes of a horse. He was at work lifting hay for Charles Cleveland and got in the way of the team. No bones were broken and he is recovering rapidly.

It is announced that the new concrete building will be tenanted on Aug. 1. It is practically finished and has the new hotel "The Congdon" surmounting the front. It will be occupied by Sterling & Johnson, with hardware; the Anchor store, with groceries and dry-goods; the Banks of Gresham and the hotel.

Box frames for the man holes and valves along the new pipe line were put in during the past week and the trench is being filled. The line has all been tested as far as completed and the work from the Sandy to Mount Tabor is nearly done. Considerable surplus dirt through the city will have to be removed. It will be used to fill some of the low places.

With continued good weather the close of the week will see the largest hay crop ever harvested in Multnomah county almost entirely put away. All the barns are full and there are probably 10,000 tons in stacks awaiting the baling machines. Hay prices are lower than they were last year, common mixed hay now being sold from the field for \$8 per ton. Last year it brought \$12. It is not believed that last year's high prices will prevail this year, but the whole yield can easily be disposed of at a good figure which will yield a handsome profit.

BOYS AND CIGARETTES

Parents and teachers have been greatly annoyed on finding that their little boy has commenced to smoke tobacco. Well, why will a boy smoke when he knows that it is bad, and it will make him sick? He knows perfectly well that it has an offensive odor, is a disgusting habit, and that he must become deathly sick in order to learn the art. You told him it was wrong and he knew it. Then why will he do it? Oh, that is simple when you know the boy. The boy sees that it is men that smoke, so the idea dawns on him that it will make him a man to smoke. So he commences. The impulse of manhood is so strong in him that he will almost do anything in order to be a little man. Now your business as a teacher is not to give that boy moral instruction, but to attack his conception of manhood. Tear that conception to tatter.—Pacific Homestead.

Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained when on board the cars or steamships. For sale by all druggists.

The Northern Trust Co., which has the Cleveland acres on the market, has presented the Commercial Club with 10,000 postal card circulars which will be mailed to people far away, as a means of letting them know something about the resources of Gresham and its vicinity. An outline map and a good picture of Gresham and the valley from the butte embellishes the card, with a text of more than a thousand words descriptive of this section. Reference is made to all our resources and the dissemination of this literature cannot fail to produce some good results.

The Mount Hood Transmission crew is busily engaged distributing poles for the power line and the work of setting them up is underway. From the power plant at Bull Run the line will go straight to Cottrell and from there to Cottrell Junction, at Craswelle, from whence it will follow the railroad into Portland. The route to Cottrell Junction was chosen because of less danger to the wires from land slides around the Sandy bluff.

Clarence Irish and Miss Nellie Burgess were married in Portland July 30th. They will reside in Gresham.

Mrs. E. A. Kelley of Montavilla is spending a few days with her granddaughter, Miss Bessie Howitt.

Roy Wood spent a couple of days at Bullrun this week.

STRAY—Brown Swiss cow, with one horn and bell was taken up at my place Tuesday morning. Owner please call, pay costs and take the cow.—Mrs. J. E. Jones, Fairview, Ore.

The writer varied the March pruning of his peach trees considerably this year, cutting some lightly and others severely at blossom time. It is interesting to note that those cut most heavily are not only making the most vigorous growth of new wood, which will bear next year's crop, but carry the best sized and most thrifty looking fruit at the present writing.

Happiest Girl in Lincoln

A Lincoln, Neb., girl writes, "I had been ailing for some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and got better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all druggists.

Bids will be received by the school board of school district 6, joint, located at Orient for the purpose of changing and adding more windows in both stories of the buildings. These bids must be in or before July 31. For full particulars apply to the school board.

H. G. Mullenhoff, Clerk.

For summer diarrhoea in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, and a speedy cure is certain. For sale by all druggists.

Caution.

Tales of grafting all remind us
Legislators can be bought,
And the rising would be leader
Sure will shove us if we're caught.

For he needs a reputation
Just to help him catch the vote,
And just now the young reformer
Is the man of greatest note.

So that if to run your business
You some legislators need
Of the fearless young attorney
You would better take good heed.

Parson's Poem A Gem
