CHAMPION

Positive Force Feed Elevator insures a positive and continuous flow of grain to the packer arms. Eliminates bunching at the Binding Attachment by forcing the grain clear into the attachment. Works accurately on all weights of grain and under all condition. This is an exclusive CHAMPION feature.

The Force Feed Elevator and the Relief Rake Make the Champion Binder the Best Machine You Can Buy

These two features alone should be sufficient to convince any careful buyer that the Champion Binder is the most serviceable machine in the field, but when you consider, the many other advantages found on the Improved Champion Binder, among them the balancing Sectors which keep the machine perfectly balanced in all heights of grain, the ball and roller bearings which make it light running and easy pulling and the simple, efficient driving mechanism, there

remains no room for doubt of the su priority of the Champion. It represents the greatest possible Bin friendly for the money.
