Two-Minute Toast ---Any Time

—Toast is the foundation for many delicious dishes—Welch Rarebits, Asparagus, Club Sandwiches, etc. But if these ordinarily toothsome viands are served on charred, or soggy, or brittle Toast, they lose their delicious zest.

PERFECT TOAST can be made only in the Radiant Toaster. For this reason: **Radiant Heat** forces the absolutely necessary chemical change in the bread. This insures the delicious golden Toast that fairly makes the mouth water.

You can operate the Radiant Toaster on the finest Damask table cloth. The cheerful glow of its coils on a neat porcelain base creates a snug and soothing atmosphere. It makes Perfect Toast as fast as you can eat it—and at the merest fraction of a cent per slice.

The two old bridges on the road at the eastern boundary of the city have been replaced with solid earth taken from the surplus dirt left over from the new pipe line.

To have good baseball grounds is a big help to the game, says the Portland Journal, and more of the towns should give greater attention to this feature. Carlton, Lents, St. Helens, Gresham and Troutdale should take notice. Gresham is going to take notice and with the new grand stand at the race track already built there is a good chance that the best semi-pro diamond in the state will be right here.

Don't forget the services at the M. E. church next Sunday. Morning subject, "The Value of Mountain Peaks." In the evening, "Cheerfulness."

The fourth quarterly conference will be held August 29th at 8 p. m. by Rev. James Moore, Superintendent of the Salem District.

Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequalled for lagrippe, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c, \$1.00.
