POPULAR GRESHAM COUPLE WEDDED

Minnie Lawrence and Ed. Aylsworth United in Marriage Wednesday Evening—Both Are Popular.

In the presence of about 50 relatives and friends the wedding of Edwin W. Aylsworth and Miss Minnie Lawrence, youngest daughter of Mr. and Mrs. James Lawrence, was solemnized at the bride's home Wednesday evening at 6:30.

The house was decorated for the occasion with Oregon grape, ferns and white chrysanthemums. The bride was attired in a neat gown of white marquisette and carried a bouquet of white brides' roses. The bridesmaid, Miss Grace Lawrence, sister of the bride, wore a gown of blue marquisette over silk. The groom and bridegroom, J. A. Patenaude, wore conventional black.

Rev. Hopkins, of the Linneman Memorial Church, performed the ceremony. As the wedding party entered, Miss Edith Gordon sang "Because," which terminated in the wedding march, played by Miss Isabelle Metzger. After the ceremony cake and punch was served to the guests.

Both Mr. and Mrs. Aylsworth have grown up in Gresham and have a wide circle of friends. Mrs. Aylsworth is an accomplished musician and is possessed of a good voice. She was for some time connected with The Herald, acting in the position of bookkeeper. Mr. Aylsworth is proprietor of the clothing store bearing his name and is held in the highest esteem by all who know him. The young couple were the recipients of numerous gifts of silverware and cut glass and other articles. They left by auto for Portland that night and left for a short trip to Seattle the next day.

After their return the young folks will be at home in their new bungalow which is being built on Roberts avenue.

The Herald joins with their host of friends in wishing them a long and prosperous wedded life.

Annual Apple Exhibit Is On

(Continued from page 1)

Winter Bananas, and Ortoleys, though there are numerous other kinds being shown.

The reason for the smaller quantity of exhibits this year is that the crop is short and that some of the banner districts have had such a demand for the prize-winning fruit that the market has drawn heavily on the kinds that are suitable for show.

In addition to the apple displays there are exhibits of pears, peaches and dried fruits of many kinds, as well as some excellent grain and vegetable exhibits.

In connection with the Apple Show, the 26th annual convention of the Oregon State Horticultural Society is underway at the Commercial Club Auditorium.

PIONEER TELLS OF GOOD WAY TO CLEAR LAND

An old pioneer of the Sandy country says the easiest, quickest and cheapest way to rid the land of stumps is to bore a hole one inch or one inch and a half in diameter in the top or center to the depth of 18 inches, or a foot will do, fill about half full of saltpetre, then fill with water and plug it up tight. In the spring or along towards summer when the dry season begins, remove the plug, put in 8 or 10 oz. of kerosene and in a few days set on fire and the stump will be entirely consumed. Logs can be treated the same way.

W. C. T. U. NOTES

At the last meeting of the Mt. Scott W. C. T. U. the topic of the study hour was "Purity." The Gospel lesson brought out the fact that the scriptural principles involved in the questions of social purity are two classes, the ideal and the evolutionary. In purity as in all else, we are commanded "to be perfect as your Father in heaven is perfect." We find also that the Bible commends evolutionary methods. The dangers of ignorance were emphasized and the need of sex teaching in the home. How to give this needed instruction was carefully gone over. A great many interesting facts were given, showing the efforts being made not only for instruction, but laws for the protection of childhood were read, and a motion prevailed that these and other important laws should be placed often before the people, through the press and thoroughly discussed at our meetings.

The next meeting of the union will be held with Mrs. Everitt Miller, South Main street, Wednesday, November 22, opening promptly at 2 o'clock. Topic to be discussed will be Medical Sociology. The laws for medical inspection in public schools will be read and considered. All interested in these studies are cordially welcome.

At the recent national convention held at Milwaukee, Wis., an invitation to hold the convention in 1912 at Portland, Oregon, was accepted, and the forces here will begin at once a campaign for the entertainment of this large body of social welfare workers. A membership contest in Multnomah county is one of the leading features of this campaign, as it is the aim to round up a good thousand members for the county unions.
