RED HOT STOVE TALK And the Truth About Ranges

Are you dissatisfied with your old stove? Then let us fit you up with a brand new Cascade or Columbia range and take your old stove as part payment.

People are wakening up to the fact that it is absurd to pay \$20 to \$25 more for a steel top range, the lids of which may be used as hammers and the oven door of which may be used as a step ladder. Steel lids do not assume good baking qualities.

We will fit you with a range for \$45 that we will put up against any \$65 or \$70 range on the market and positively guarantee it to bake and the top not to warp. (Give us \$20 more and we will furnish you a hammer and step ladder, which if not handled too roughly will last the rest of your life.)

The following is a list of prices including delivery, pipe and setting up:

- No. 8-18 "Cascade" black top and cast base \$43.00
- No. 8-18 "Cascade" polished top and nickel base 45.00
- No. 8-16 "Columbia" " " " " " 45.00
- No. 8-16 "Elite" - - - - - 27.00
- No. 8-14 "Elite" - - - - - 25.00
