A GRAND SUGGESS

The entertainment given Tuesday evening by St. Paul's church club in the Woodmere ball was enjoyed by a full house. The proceeds are to be used toward the purchase of an organ for the sympathy and encouragement that has been extended to the socials given during the past winter, is greatly appreciated by the club. The people of the vicinity have responded heartily and it is hoped that they have received as much pleasure from the various entertainments given as have those who have had these social gatherings in charge. The club extends its sincerest thanks to all those who have so generously assisted to make these evenings a success.

Special gratitude is felt toward Mrs. Koontz for the gracious way in which she responded to a request made at the last moment to assist with the program. Her readings show careful training and rare artistic taste which insure her suc cess in her chosen field. She immediately gains the attention, respect and applause of her hearers.

The program was furnished chiefly by Miss Brong, assisted by the Misses Yerex, Banfield and Lamson. These ladies were unavoidably delayed and failed to reach the hall at the appointed hour. At 8:30 the management decided to render whatever numbers were at hand. It was then that Mrs. Koontz so generoulsy responded to an appeal to save the situation. Had nothing else been provided this lady would have been quite capable of furnishing the entire program. Miss Carol Hand's rich contralto again charmed her hearers. Miss Opal Hand rendered a piano solo accompained by Mr. Lindsey who played the banjo. Miss Brong's costume reading in which she cleverly handled a piece of German dialect was given as a closing number.

This is the last social which will be given until after Easter when it is hoped the club will have an opportunity to entertain its friends again. This will be on different lines from anything yet given. Lenten services are being held at the church at 3 p. m. every Wednes-
