OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Merchant Shoots Friend.

Eugene.—Mistaken for a burglar, Joshua Cain, mail carrier between Lowell and Hazel Dell, was dangerously shot by Edward Smith, keeper of the store at Lowell. Cain carried a key to the store, so he could enter to get the mail sacks in the early morning. He had secured the sack and was leaving the building when Smith, who lives over the store, threw up a window and fired at Cain with a shotgun. Smith hastily ran downstairs and found he had shot his friend instead of a burglar.

Lake County Folk Active.

View Point.—Believing that they have opportunities in their locality that equal and even exceed most others in Central Oregon, also that the public is not aware of such existing opportunities, the homesteaders in the vicinity of View Point, Lake county, have organized themselves into what is now known as the View Point Homesteaders' Association.

The object of this association is to promote the settlement of many of the homesteads yet open in that locality.

RESERVE FUNDS ALLOTTED

Grant With \$3627 Gets Most of Any Oregon County.

Salem.—Each year the federal government turns over to each state 25 per cent of the total revenue received by the government from the forest reserves within the state, this fund to be apportioned among the counties according to the forest reserve area within the county. Each county must divide its portion equally between the school and road funds. The distribution of the fund received for the fiscal year ending June 30, 1911, has been completed in the office of the secretary of state.

In Oregon there are 1,148,900 acres of forest reserves, and 25 per cent of the revenue from them for the last fiscal year was \$35,612.30, or \$0.00220524-61 per acre. Of this amount Crook, Grant and Lane counties will receive over \$3000, while Douglas, Klamath, Lake and Walla will receive over \$2000.

Will Enforce Dog Ordinance.

Roseburg.—Determination of Mayor Joseph Micelli and Chief of Police Fenton to allow no dog owner in the city to escape payment of the annual license fee for canines brought five prominent citizens into the police court. Each was fined \$5.00, but collection was suspended upon consideration of immediate payment of the dog license fee of \$1.50.

Gypsum Gets Big Plant.

Baker.—The Acme Cement & Plaster Company, of St. Louis, will erect at Gypsum, this county, next spring, probably the largest building in this vicinity for the manufacture of cement plaster. It will cost about \$200,000. A large force of men will be employed when it is running at full capacity.

ORCHARD MEN INDICTED

True Bills Returned By Grand Jury Against Real Estate Promoters.

Portland.—Wildcat real estate operators received a shock here when the federal grand jury returned indictments against the Washington Orchard Irrigation & Fruit Company, the Oregon Inland Development Company and P. C. Lavey, individually. Each indictment is based on alleged fraudulent use of the mails by which, it is declared, money was secured through the exploitation of fake land propositions.

W. E. DeLarm, A. J. Biehl, George C. Hodges, H. H. Humphrey and S. H. McWhorter are indicted in connection with the operations of the Columbia River Orchard Company, all being under arrest except Hodges and DeLarm, who are supposed to have left the country in fear of the consequences of their acts, this company also doing business under the name of the Washington Orchard Irrigation and Fruit Company.

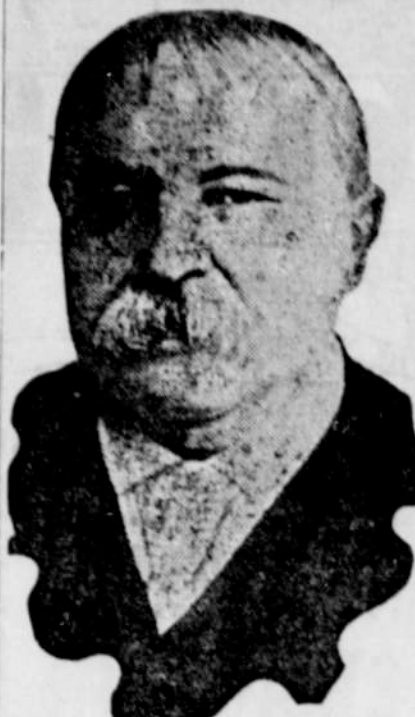

Construction is Rushed.

Junction City.—The Oregon Electric railway is rushing work on the most difficult section of construction between Albany and Eugene—the section between Harrisburg and Junction City—where the electric line will cross the Willamette river and also will have to cross long stretches of food land.

Albany Proscribes Dances.

Albany.—Public dances are a thing of the past in Albany. The city council has passed an ordinance making it a misdemeanor to give a public dance in the city, defining a public dance as one which is advertised.

MONOPOLY ISSUE REMAINS

Prosecutor Says Government Has Won Shoe Machinery Contention.

New York.—The government has suffered no setback in its prosecution of the United Shoe Machinery company under the Sherman law by reason of the rejection of four of the five counts in the two indictments against officials of the company, according to United States District Attorney French of Boston, who is prosecuting the government's charge.

The criminal charges are in no wise removed, according to Mr. French, but on the other hand the government has won a substantial victory in having sustained "the most important and comprehensive count, charging a completed monopoly," through the system of leases on patented machinery.

Delegates Get No Rates.

Chicago.—There will be no special railroad rates this year either to the Republican or Democratic national conventions. This information was obtained from passenger traffic officials in close touch with the situation and an official announcement to that effect is expected within a comparatively short time.

WOMAN KILLS FOUR CHILDREN AND SELF

Salem.—Despondent because of inability to earn enough money to keep her four children from starvation, Mrs. L. F. Jellison, aged about 36, administered a drink of cyanide of potassium to each of them together with herself. All five are dead.

The tragedy was staged in a tent at 469 Liberty street, almost in the heart of the city. The police did not discover it until a letter was received through the postoffice telling of the deed. The letter reads as follows:

"I know the law requires an investigation. Do as little as possible. The plain fact is I cannot earn enough alone to keep from starving. Someone induced my boy to leave, and now I am too ill to work. I cannot see them (the children) starve. There is a little money in my purse, \$21. Make it bury us altogether. Sorry to make so much disturbance, but I am too confused to write."

Immediately after receiving the letter Chief of Police Hamilton went to the house where Mrs. Jellison had been living and found it locked. Going to a tent to the rear his eyes were greeted by the horrible spectacle of the mother and four children, huddled together on the bed, dead.

Huge Strike in England.

London.—Mine operators of Great Britain having refused to accede to the demands of the miners for a minimum wage, the long-threatened strike materialized and nearly 1,000,000 men quit work.

UNPAID SOLDIERS RIOTING IN PEKIN

Mutinous Chinese Troops Burn and Slay; Authorities Seem Terrified.

Pekin.—Taking the old Chinese capital by surprise, some hundreds of Yuan Shi Kai's troops started a series of riots that rapidly penetrated all quarters of the city. They fired indiscriminately and caused panic after panic in the crowded streets. Shops were wrecked and burned. The rioters gave non-payment of their wages as the reason for their outbreak.

More than 100 executions have taken place. For the most part the victims are civilians and included six women. Apparently the authorities are afraid to punish the soldiers.

There are now 3000 foreign troops in Pekin and the natives feel safe. Five thousand Japanese troops have been ordered from Port Arthur to Tien-Tsin, where there are only 1500 foreign soldiers.

Nanking, China.—In an effort to restore order and inaugurate a stable government, it is understood that Dr. Sun Yat Sen and his advisers have decided to go to Pekin and make that city, for the present at least, the capital of the new republic. This step is regarded as advisable on account of the mutinous spirit evinced by the troops near Pekin and the general unrest.

COTTERILL LEADS GILL

Women Help Turn Tide to Seattle Reform Party.

Seattle.—The returns indicate the election of George F. Cotterill, municipal ownership and single tax candidate for mayor over Hiram C. Gill, open-town candidate. Cotterill's lead will be at least 1,000 votes.

Credit for the victory of Cotterill is conceded to the women voters. The Federation of Women's Clubs and nearly all the women suffrage leaders worked strenuously against Gill, raising the issue of suppression of vice. As far as possible, one woman in each city square was assigned to the duty of looking after the Cotterill vote.

The referendum ballots have not yet been taken up and there are no returns on the single tax, municipal telephone and civic plans propositions.

All Chihuahua at Mercy of Rebels.

Chihuahua.—Rebels are in control of the entire state of Chihuahua. Under Orozco's immediate command are 600 former government troops. The rebel generals declared that the numerous volunteers who were offering themselves will soon swell the rebel army to 5000 men, who will be taken south to secure control of the City of Mexico.

BANK ROBBERS AND POLICE IN BATTLE

Montreal.—Surprised while they were dynamiting the West Montreal branch of the Royal Bank early in the morning, a gang of five bandits, all masked and heavily armed, defied the police and gave battle.

One robber was killed outright and Charles Fitzpatrick, son of the local chief of police, was badly wounded.

After two of the robbers were captured another battle occurred in the outskirts of the city, and the others are being closely pursued.

The attempted robbery was the most daring in the history of Canada. Late at night, a Canadian Pacific railway watchman saw the men loitering around the station and tracked them without being noticed.

He glimpsed the men crawling through the window of the bank, the protecting bars having been sawed through. He notified the police, and a posse surrounded the building.

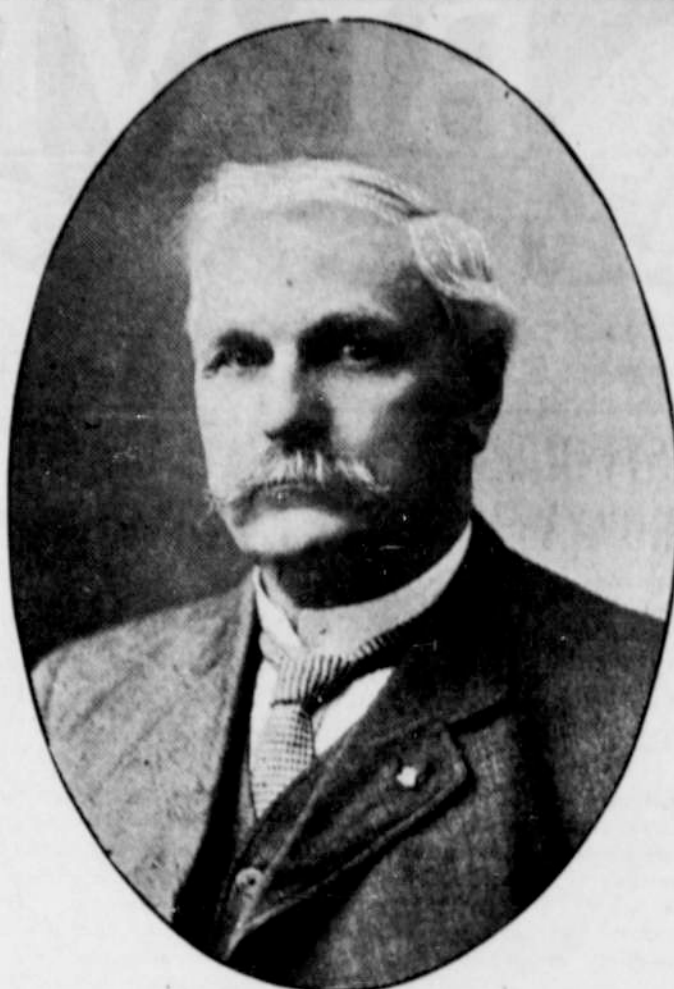

Suffrage Office Raided by Police.

London.—In pursuance of the determination of the government fully to test the efficiency of the existing laws to deal with the latest tactics of the militant suffragettes, before resorting to special legislation to make the funds of the suffrage societies liable for damage done by their members, the police raided the offices of the Women's Social and Political Union. There is ample evidence that the recent window smashing has alienated public sympathy.

Home Rule Act is Held Valid.

Salem, Or.—Holding that the home rule amendment of 1910 is self-executing, that cities and towns stand as separate entities and that the existence of precincts which extend partly within the borders of a city and partly without do not invalidate an election held with proper procedure under the home rule amendment, Justice Mc Bride, in an opinion of the supreme court interpreted that amendment.

Candidates' Row

NATHAN H. BIRD

REPUBLICAN CANDIDATE FOR NOMINATION FOR SHERIFF

As a candidate for nomination for Sheriff of Multnomah County I desire to make the following statements:

FIRST: If nominated and elected, I will feed the prisoners at the Court-house and at Kelly Butte at actual cost, and will make public the same, together with the actual cost of the entire office, including the profits made by the same. I will work for the flat salary provided by law and will account to the taxpayers for all the moneys and payments that come into the office, and will turn the same over to the proper official. Give me a tryout and see what I will do.

SECOND: I was born in this state and have raised and educated my family in Portland. I have nothing to fear from my past record and am under no obligations to friend or foe. I am in a position, if elected, to give the criminal element my closest attention, and will put forth a special effort to subdue vice and crime in this city. The sheriff's office shall be my headquarters at all times except when out on actual duty, and the duties of said office shall have my entire time and attention.

THIRD: I am a working man myself and have won the confidence of the business men of Portland. They are aware that my training is such that if nominated and elected I will give the people an economic, impartial business administration, and that I will greatly reduce the costs of the Sheriff's office to the taxpayers of this county.
