CHAS. H. SKEWES

Republican Candidate for Coroner

I am an Undertaker, engaged in business at the corner of 3rd and Clay Sts., having the latest sanitary morgues, and all the equipment necessary for successfully conducting the Coroner's office.

When an autopsy is to be performed, the law requires a Physician other than the Coroner, even though he be a Physician; and Physicians are not undertakers, nor are they equipped for the Undertaking or Coroner work.

It is not necessary for the taxpayers to pay more taxes to establish a Public Morgue when the Undertaker has his own Morgues.

If Elected I Will Attend to the Duties of the Office in Person

UNION MINES ALL SUSPEND WORK

"Vacation" Declared While Issue of Wage Contract Is Being Settled.

Indianapolis.—No anthracite or bituminous coal will be taken from the mines by union miners as a result of the suspension which went into effect due to wage troubles.

More than 400,000 miners, about 150,000 of whom are in the anthracite field, will take a vacation, which probably will last only a few weeks.

The bituminous miners will be out only long enough for the wage agreement, reached in Cleveland, subject to ratification by the miners by a referendum vote, which will require about two weeks, and it is believed the agreement will be sanctioned by a large majority of the men.

The suspension in the anthracite mines will last longer, as no agreement has yet been reached. Negotiations will be resumed April 10.

Suspension does not affect all the mines in the south, as the union is not so strong there as it is in the north. The mines of Wyoming, Washington, Colorado and Montana also will not be affected, because the union contracts in those districts do not expire April 1.

Milwaukee Socialist Defeated

Milwaukee.—Dr. G. A. Bading, non-partisan candidate for mayor, defeated Mayor Seidel, the socialist, by a vote of 43,117 to 30,200. Of the 33 aldermen elected 25 were non-partisan and seven were socialists. With four socialist hold-over aldermen, the new city council will be composed of 26 non-partisan aldermen and 11 socialist aldermen.

Returns from nearly all of the 71 counties in the state, show that United States Senator La Follette defeated President Taft on the republican ticket and Woodrow Wilson won from Speaker Champ Clark in the state presidential preference primary.

W. H. Barnes, socialist, was elected mayor of Eau Claire, Wis.

and the Far East by way of the Suez Canal was filed by the United States government in the federal court here. The companies are charged with pooling freight rates and rebating to concerns who ship exclusively by their lines.

The suit is regarded as one of the most important moves yet made by the government against the so-called shipping trust which congress is about to investigate.

It is alleged that by agreements, pools, periodical conferences and rebates, the defendant steamship companies have acquired a complete monopoly of the trade between the United States and the Philippines, Japan, China and other Asiatic countries.

Biscay, editor-in-chief of the Striker's Bulletin, the issuance of a proclamation by Mayor Parks calling on citizens of Aberdeen for assistance, and the closing of all meeting places here marked the features in the mill strike.
