W. C. T. U. INSTITUTE HELD AT LENTS

Did you attend the Institute? Did you hear this Rally Call? Well, if you missed all this you missed a great and interesting occasion. The morning session was largely taken up with a "Finance Round Table" which was a symposium on the money question that every woman's society should have heard. Plans for financing the great national Convention that comes to Portland next fall was enthusiastically discussed.

The County Finance committee submitted a very interesting and comprehensive plan of finance for the local unions to work out. The most interesting feature of this report plan, was a canvass for members throughout the county that would bring our membership up to a point it should be as entertainers of a big convention.

A whirlwind campaign will be inaugurated, and every one will have an opportunity to join this greatest of organizations working for Home Protection. In order that an intelligent understanding may be had concerning the why's and whereof's of joining the organization, carefully selected literature will be placed in the hands of every interested person. We firmly believe that hundreds in our county would belong to this organization, if they more fully understood its far reaching work, and hundreds who could not give active work would gladly belong, wear the token of right conditions and purity of life—the white ribbon—and pay their annual dollar to help on the great cause. Every one will have the opportunity to do so.

The state president, Mrs. Ada Wallace Unruh, was present at the Institute, and as usual brought with her a degree of inspiration and enthusiasm that did not fail to infuse the members of the institute, and left no doubt in the minds of those present as to the assured success of the great undertaking, in the matter of entertaining the national convention.

At this national gathering every state in the United States will be represented. Hawaii, and other countries will doubtless be in evidence.

TO SPANISH WAR VETERANS

In inviting the different orders to unite with us at the Grange hall on the 20th of May at 10 o'clock to attend memorial service, which will be held at the Friends church, May 28 at 11 o'clock a. m., I in some way forgot to invite the Spanish War Veterans. I regret very much that I forgot it, but I will now extend to you a cordial invitation.

VOTING CONTEST

(Continued From Page One)

You will be surprised to see how rapidly the votes will come in and what little effort is necessary to win one of the awards offered. Get in on the start and encourage your friends to vote for you. The rest will be easy. You will never know how popular you are until you enter a contest of this kind.

After the first announcement of candidates, the votes will be counted every Tuesday and the result printed in the next issue. There will be a short write up in every issue of the paper from now on until the close of the contest, and those entered can keep in close touch with the contest and competing candidates. Certain it is that ten ladies of Lents and vicinity are going to get these magnificent rewards and it is left to the readers of The Herald to decide.

NOMINATIONS.

Any person has the privilege of nominating one or more candidates. You do not have to be a subscriber to The Herald to take part in this contest.

All nominations should be mailed to the Contest Department at once, as the list of nominations will appear in next Thursday's paper.

Candidates can be nominated after this date, but it is a great advantage to have your name in the first list published, so that your friends will not agree to work for some one else before knowing who are entering the contest.

HOW VOTES ARE SECURED.

In all cases where votes are issued subscriptions must be paid or prepaid. The full amount of money must be sent or brought to the contest department of The Beaver State Herald.

EARLY START HALF THE BATTLE.

Send in your name, or the name of some young lady you would like to have win one of the prizes, at once, on the nomination blank published in this paper, and then let your friends know you are in the Contest to win, or they may favor a mutual friend who approaches them before you. There is not an acquaintance but what will help you if you show them you are in earnest and going to do your best. "All the world loves a lover" but no more so than an ambitious young lady, and when your friends realize that you possess that quality, and are going to give your competitors a run to the finish; you yourself will be surprised at their readiness and willingness to assist and stand back of you. This reminds the Contest Editor of a remark made to him by a candidate in a former contest "I never knew people were so kind and that I had so many friends until I entered this contest." This happened in Oregon not far from Lents, and your experience will be just the same when your friends are informed that you are in the race and want their assistance.
