CHERRYVILLE

The good old summer time!
The clerk of the weather deserves our thanks for these delightful June days.
Railroad surveyors are busy around Cherryville and the people are very much elated at the prospect of having a railroad in the near future. The proposed railroad is called the Multnomah Central.
Dave Douglas and August Beidensteni have gone over the mountains on a trip to visit friends in Eastern Oregon.
One of the greatest crops of strawberries ever known in the history of the state is now on and it is to be hoped that everybody will have all of this luscious fruit they can possibly want or wish for.

Philip Evans, of Dover, is an old soldier and formerly belonged to the 103rd Illinois V. Infantry. He participated in many of the battles under Sherman in the Atlanta campaign and was badly wounded before Atlanta, when Hood, the rebel general, made his big sortie, draining off nearly all of his blood by severing an artery. His life was saved almost by a miracle.
Arthur Miller, of Dover, is an Englishman of one of the "blooded" families and his wife, who was formerly the wife of an English official in service in India, draws a handsome pension from the English government. One draft on the English bank went down on the Titanic. This will be duplicated.
H. C. and U. V. Thomas addressed the people at Sandy before the Socialist club last Sunday and made the astounding revelation that the banks were paying out no more gold but were paying all checks in National bank notes which read "this note is secured by United States bonds or other securities." There is no law for any such financial conspiracy. The writer had a note in his possession in the bank of Hillsboro which reads in that way. This reads not "and" other securities but "or" other securities and these other securities may be worthless. We are threatened with a flood of "wild cat currency." U. V. Thomas stated that the mines were paying out no more gold and had not done so in any amount worth mentioning in the past two years. This means a hoarding of the gold in the big money centers. What next will the "big business devils" be up to. It was further stated at this meeting, which is undeniably true, that the struggle between Taft and "Teddy" is merely a fight between Morgan and Rockefeller for the central of the U. S. government as it is Morgan's money that is trying to nominate "Teddy" and according to LaFollet, \$1,000,000 has already been advanced to secure his nomination.

They will go from here to San Francisco, through New Mexico, Arizona and back through the Dakotas. Their many friends wish them a pleasant trip and safe return.

Mr. Steward has been circulating a petition through this vicinity for a saloon at the old stand where Max Ruchle formerly kept one. We are of the opinion Rockwood will do nicely without that unnecessary evil.
Mr. Martin Multhauf, Sr. had the misfortune of breaking his arm on Friday of last week. His horse became frightened at a road roller, tipping over the buggy and throwing him out.
The ladies' aid will meet at the church the first Thursday in June.
The Rockwood grange will omit their all day session the third Saturday in June on account of the Rose Carnival.

CORBETT

The school entrance at the school house Tuesday evening last was one of the very best that has ever been given here and the house was crowded to the doors. Too much praise cannot be given to the cap drill by the younger boys. It was indeed perfectly rendered from beginning to end and being quite complicated reflected much credit to the teacher, as did the whole of the exercises. The "Flag Drill" given by eight little girls was beautifully rendered. The class prophecy by Harold Towne was worthy of special mention. Those having successfully passed the eighth grade were Ruby Rasmussen, who took the test in Feb., and Iva Reed and Frank Shybock in the May examination, each receiving their diplomas. The board of school directors was conspicuous by their absence, only the clerk being present at the entertainment.

Columbia Grange enjoyed a good meeting Saturday, June 2nd, although the number in attendance was very small. The program presented by Abbie Stites, Lecturer, was very interesting, those who were given subjects upon which to prepare papers handled them in a very creditable manner. The Misses Rasmussen and Deaver each read a selection and Mrs. Sprague rendered two very fine piano selections. We were indeed sorry to have Miss Stites resign the office of Lecturer, but were exceedingly fortunate to persuade Mrs. Sprague to accept the office as she was elected by a unanimous vote of the Grange.

TO KEEP PLANTS MOIST.

Simple and Inexpensive Help in Seasons of Drought.

To keep young plants moist in dry weather set a pail or other receptacle of water at the edge of their hill and

hang over the edge a rag long enough to reach to the bottom of the pail and to the roots of the plants. Leave this overnight and it will put the water just where it is needed without wasting any. In the morning take away the pail and lay the rag around the roots. This prevents excessive evaporation.

A Cincinnati man who visited New York not long ago was presented to "Big Tim" Sullivan. It happened that in the course of the conversation that ensued between the Westerner and "Big Tim", the former quoted the old saying, "Truth crushed to earth will rise again." "Big Tim" smiled in a superior way. "I suppose that's right, my friend," he said, "but sometimes noy before the referee has counted ten."
