H. S. Hashim, manager of the Lents Emporium has received an extensive line of new goods and is busily engaged in placing the various lines in his store. The new shipment just received and coming in represents an outlay of \$2,000, which added to the stock already on hand will make that one of the best establishments in the Mt. Scott district.

**TAXING COAT OFF POOR MAN'S BACK**

**Concrete Illustrations of What Protective Tariff Really Means.**

**CAUSE WORKERS TO THINK.**

Iniquities of the Payne-Aldrich Act, Taft's "Best Law Ever," Strikingly Told in Figures.

Concrete examples of how a protective tariff operates are causing the workingman, the "poor man," to do a lot of thinking nowadays. He is beginning to understand whether it is not about time to call a halt on the Republican practice of taxing the coat off his back and threatening him with the loss of his shirt and his socks if he does not submit.

All through the present tariff law, passed by a Republican congress and indorsed by a Republican president as THE BEST TARIFF BILL EVER PASSED, are to be found discriminations, the higher duty on the cheaper article, the lower duty on the dearer article, thus placing on the shoulders of those least able to bear it the greater burden of the protective system. Here are some illustrations:

The cheapest wool blankets bear a duty of 105.42 per cent; the dearest, 104.55 per cent.

Flannels, not more than 40 cents a pound, are taxed at 143.67 per cent; over 70 cents a pound, 76.37 per cent.

Wool plushes, cheapest, 141.75 per cent; dearest, 95.33 per cent.

Knit fabrics, cheapest, 141 per cent; dearest, 95.53 per cent.

Stockings, worth from \$1 to \$1.50 a dozen, 76.37 per cent; from \$2 to \$3, 59 per cent.

Hats and bonnets, worth not over \$5 a dozen, 62 per cent; over \$20 a dozen, 35 per cent.

Carpets, highest priced, 50 per cent; that used for mats and rugs, 126.88 per cent.

Women's gloves, unlined, 40 per cent; lined, 34 per cent; longest gloves, unlined, 42 per cent; lined, 29 per cent.

Men's gloves, worth less than \$3 a dozen, 66.28 per cent; costliest gloves, 14.45 per cent; leather, unlined, 44.58 per cent; lined, 29.50 per cent.

Buckles, cheapest, 77.48 per cent; dearest, 26.33 per cent.

Uncut diamonds bear a 10 per cent duty; imitation diamonds, 20 per cent.

The humble firecracker bears a 97.02 per cent duty, while elaborate fireworks bear but 70 per cent.

Matting, smaller and cheaper grades, 43 per cent; costlier, 24 per cent.

Watch movements, seven jewels, 66.02 per cent; 11 jewels, 40.41 per cent; 17 jewels, 34.45 per cent.

Underwear, cheapest, 56.90 per cent; dearest, 50 per cent.

Dress goods of wool, cheapest 105.42 per cent; dearest, 94.13 per cent.

Velvets, cheapest, 105.22 per cent; dearest, 49.55 per cent.

Silk handkerchiefs, cheapest, 77.44 per cent; dearest, 59 per cent.

Scissors, worth 50 cents a dozen, 52.21 per cent; worth \$1.75 a dozen, 46 per cent.

Table knives, fancy grades, 57.40 per cent; bone handled, 69.43 per cent.

Butcher knives, best grades, 52.10 per cent; cheapest grades, 93.55 per cent.

Files, smallest, \$1.29 per cent, longest, 36.81 per cent.

Shotguns, worth from \$5 to \$10, 47.67 per cent; worth over \$10, 45.46 per cent.

These are only a part of the discriminations, gleaned from a swift conning of some of the schedules. Reduced to simplest terms, they mean that the poor man is taxed higher than the rich man.

**Novel Entertainment of 1862.**

What was then considered a decided innovation in theatrical circles of the capital occurred during the week of May 26-31, 1862 when an entertainment was given at the Washington theater, on Eleventh street just south of Pennsylvania avenue, consisting of Dr. Colton's lecture on health, varied and punctuated by the administration of "laughing gas," then regarded as a marvel of scientific discovery. Dr. Colton's advertisement read as follows with reference to his exhibition for the special benefit of ladies:

"Twelve ladies will inhale the gas and none allowed but the most select. Previous to the exhibition Dr. Colton will deliver a brief lecture on 'How to Preserve the Health.'—Exchange"
