Fortune in Faces.
There's often much truth in the saying 'her face is her fortune,' but it never said where pimples, skin eruptions, blotches, or other blemishes disfigure it. LENTS FIRM ADOPTS MODERN ADVERTISING

That Lents Hardware is fast becoming metropolitan in the methods of advertising used by our merchants to call the buying public's attention to the many splendid values which they are offering, also that the wide-awake firm of Lents Hardware Co. are keeping up with and just a little ahead of the times in an advertising respect is again practically demonstrated by what is perhaps the most elaborate system of advertising ever attempted by any business house in this section, namely: the giving away of the beautiful Upton Parlor Grand Piano which will be on exhibition at their store within two weeks.

This piano retails at \$400.00 each, guaranteed for ten years. The principal points of superiority of this celebrated Upton piano over any other of this class of instruments lie in the three strings in unison with overstrung bass, the splendidly pitched scale and true sounding board which give the Upton that rich, deep, even tone so much admired.

In a recent interview with Mr. Hedge regarding this decided innovation in advertising, Mr. Hedge stated: "We have been enjoying the patronage and confidence of the buyers of this community for some time now and by always trying to keep our stocks complete the saying 'that you can get it at the Lents Hardware Co.' has become a household expression. In giving away this piano we are actuated by a double purpose, to show our appreciation of the patronage of our friends during the past, also to encourage new trade and to bring the many splendid values we are now showing in all lines to the attention of every buyer in this territory. The plan we are using in giving away this piano is equitable and fair to all, simply this, every person buying one dollar's worth of any thing in our store will receive a coupon good for 100 votes. The person returning to us on Saturday April 12, 1913, the largest number of votes will be given the piano absolutely free of all cost. No favors will be shown. Our reputation for 'square dealing' assures our customers of that fact."

This four hundred dollar Upton Parlor Grand Piano is surely a present worth having and we predict a very "merry race" for votes during the next few months.

The Lents Hardware Co. are surely to be congratulated upon their broad-minded methods and "Trade Getter" advertising system.
