

BEAVER STATE HERALD

Entered as Second Class Mail Matter at Lents, Oregon, August 25, 1911

Published Every Thursday at Lents, Ore., by the Mt. Scott Publishing Co.

H. A. DARNALL, EDITOR AND MANAGER.

Office Phone: Home 1111. Residence: Tabor 2813

PROBABLY the most important gathering scheduled for this month is a conference of all the various agricultural interests on the subject of how to get the fullest possible benefit from Senate Bill 72, providing for the extension of the work of the Agricultural College throughout Oregon. This measure, which has just been passed by the Legislature, is considered one of the most significant and far-reaching laws ever enacted, and the approaching conference, called together at the Portland Commercial Club by Dr. W. J. Kerr of the Oregon Agricultural College, is for the purpose of taking advantage of the opportunity presented to the fullest extent.

Organizations represented will be the Grange, the Farmers' Union, the Oregon Dairyman's Association, the Pure Bred Livestock Association, Oregon State Horticultural Association, the Co-operative Cheesemakers' Association, the Wool Growers' Association, the Northwest Angora Goat Association, the County Commissioners' Association, the State Bankers' Association, the Portland Union Stockyards, the Garden Contest Association, the Oregon Irrigation Congress, the Oregon Central Oregon and Tri-County Development Leagues, the farm press and railroad officials. It is desired to get the fullest information and the ideas of all on this subject and learn how to launch the extension plan in the best possible way.

THE action of the governor in vetoing the legislatures action on the state printers bill will not be taken favorably by a lot of people. The maintenance of a subordinate officer to act as expert over a state official is the most ridiculous relationship that ever existed. Why not have a hundred dollar man appointed by the legislature to supervise the office of the governor? It would be just as reasonable and considering the attitude of the governor toward the present state printer, it would be far more appropriate knowing that the governor stands for expert Harris.

Portland is planning three apple days the last of this week, when growers and consumers are expected to establish closer relations than ever before. This is the first step in a determined movement to reduce the living cost and grocers of the city have promised their assistance in distributing the fruit to consumers with a minimum of cost to the latter.

Real development work is being accomplished by a Bend bank, which is importing blooded livestock and distributing it to farmers, taking their notes in payment. Following the successful introduction of thoroughbred hogs, which has greatly stimulated the hog industry, the bank will bring in a number of carloads of fine dairy cows.

Best Known Cough Remedy

For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't this proof? It will get rid of your cough, or we will refund your money. J. J. Owens, of Allendale, S. C., writes the way hundreds of others have done: "After twenty years, I find that Dr. King's New Discovery, is the best remedy for coughs and colds that I have ever used." For coughs or colds and all throat and lung troubles, it has no equal. 50c and \$1.00 at All Druggists.

A cork is a simple makeshift when a shield for scissors is wanted.

FREE SUBSCRIPTION TO THE HERALD.

To the person finding the figure five the largest number of times in the advertising matter contained in The Herald of this week we will give free of charge, one years subscription to The Herald.

There is a few conditions necessary to the conduct of such a contest as this which you must read carefully.

First, only one paper will be sent to any one family.

Second, The "5" must be found in the advertisements.

Third, You must write us and tell us which pages you find them on. A good way will be to begin with the first column carrying advertising and mention the advertisements having this figure in them and tell how many times it occur in each, and the total number of times it occurs in the paper.

Fourth, you must send word before the next issue of The Herald.

Fifth, don't forget that The Herald is just as anxious to have its advertisers worthy of your confidence as the advertisers themselves. We believe a better acquaintance with our advertisers will show them to be entitled to your support.

We do not care to take an advertisement from any one whom we have reason to feel is unworthy of our publicity, or that we cannot recommend. Give them a trial, and if their products prove unsatisfactory, tell of it in a kindly way, and the chances are you will have your cause for complaint attended to. No reliable dealer wishes to disappoint his customers. He may make mistakes, either through ignorance, forgetfulness, or oversight.

Sixth, In case of a tie, each will be accorded a six months subscription.

Rust stains may be removed by washing the cloth in buttermilk, rubbing it vigorously. A weak solution of oxalic acid will do the work better and easier, but the acid must be handled with care, as it is poisonous.

It is said that if the hollow end of an ordinary penholder is filled with cotton and then dipped deeply into the ink, it will hold enough ink to last several hours.

The Road To Success

Start an account at our bank and get into the habit of adding to it every day. You know it is the right thing to do. If not, why not? Let us do your bookkeeping and relieve you from the work. It is a good plan to know what you spend from month to month and a checking account will tell you to a cent just what you save. No person ever tried transacting all his business thru a bank and regretted it. If it will save you time it, will also save you money. It is up to you and we cordially invite your business.

The Best Light At The Lowest Cost

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light. Electricity can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore, electric lamps can be located in any place, thus affording any desired distribution of light.

No other lamps possess these qualifications, therefore it is not surprising that electric lamps are rapidly replacing all others in modern establishments.
