CHERRYVILLE

Can you beat it? The weather for March of last week?

Next Monday is "St. Patrick's Day in the morning."

"Wearing of the green" is seen all around us, to the great joy of every loyal son of "Ould Ireland."

Rev. John H. Boyd, pastor of the First Presbyterian church of Portland, was out last Saturday to inspect his summer cottage and make arrangements for his summer outing in June. He was accompanied by his youngest son, John Henry Jr.

Birch Roberts caught a lynx in a trap on his claim near Wild Cat Mt. This beautiful brute was four feet long and as tall as an ordinary dog.

The first automobile of the season

went through here one day last week. It was driven by a Mr. Raab, one of the proprietors of the new hotel now in process of erection near "Billy" Welches. This building was partially erected when the big snow fell and was knocked prostrate. Mr. Raab surmises that dynamite had as much to do with this work of devastation as the "beautiful" snow did. The new bridge over the Sandy above Howard's was also demolished and some go so far as to say that dynamite was responsible for its destruction. Must be some "bad actors" in the woods somewhere if this is all true.

The writer for the first time in 20 years had something to do with the election of a President. Judging from the splendid record made by Woodrow Wilson while Governor of New Jersey and his splendid inaugural address this is an action in no wise to be ashamed of.

A law recently passed by the state legislature compels a man to have physicians certificate before he can get a marriage license. This law, if not evaded, will prevent some brutes from ruining some women's lives and bringing diseased children into the world.

Physical valuation of the railroads, telegraphs and telephones is now a national law and railroads costing \$40,000 can not issue \$500,000 worth of stock, preferred and common, against it for every mile of road constructed.

Dr. Mary V. Macigan, an instructor in the University of Oregon Medical College, and associated with Dr. Mae Cardwell of Portland, delivered a very interesting and instructive lecture on the subject of "child welfare" to a small but appreciative audience at the Grange hall last Saturday afternoon. State School Superintendent L. R. Alderman has arranged to have a series of lectures on various subjects pertaining to the betterment of our public schools delivered to the patrons and teachers of the schools of this state. The idea is certainly a very commendable one and should meet with hearty approbation and support of all patrons of the public school. But judging from the small attendance at Dr. Madigan's lecture last Saturday we are led to conclude that a very large percentage of the patrons of Pleasant Valley school are much more interested in planting crops on the farm than they are in the welfare of their children. It is to be hoped that something can be said or done to arouse parents to a sense of their responsibility to their children.

NOTES OF THE W. C. T. U.

Multnomah County W. C. T. U. held an executive session Monday at their county headquarters in Bhenke-Walker building, 4th and Yamhill.

The pernicious influence of prominent bill board advertising and ways and means for their abolishment was discussed.

Resolutions were passed as follows: As one thread in the solution of the "High Cost of Living" problem, the labor department of the Multnomah County W. C. T. U. desires to call attention to the "Vacant Lot" possibilities.

If every person holding a vacant lot would let some gardenless wage-earner or his big boy make use of the lot for a potato or cabbage patch or any other vegetables, they would thereby help others to help themselves and partially at least, valuing the vegetable side of family expenditures. Whereas This vacant lot movement has been successfully tried in other cities.

Therefore Resolved, We believe in constructive philanthropy and that the key note is "Help Others to Help Themselves." We therefore urge all who hold unused lots in and about the city to donate the use thereof to some family now deprived of any place to raise vegetables.

And Further be it Resolved To help in furnishing seed and tools if necessary. And that we ask the press to exploit the movement and enlarge on the benefits which would be sure to follow.

Whereas the W. C. T. U. through its labor department has for many years written, talked and urged the establishment of Municipal Comfort stations and like institutions.

Resolved that we rejoice in the prospect of establishing these necessary conveniences in our city and we call attention to the special need in the district between 1st and 3rd, Yamhill and Oak. Also we call the attention of the Sanitary Commission to the place on Chapman Square and ask if this can not be made into a more sanitary and satisfactory retiring place.

Arrangements were completed for a Medal Contest to be held Tuesday evening at Calvary Presbyterian church.

Sellwood W. C. T. U. is meeting in the Y. M. C. A. and this week and will study city problems.

Arrangements are pending in each local union to observe Neal Dow Red Letter Days and place will be given on programs for jubilee service in recognition of the victory in the passing of the Webb Bill.
