## POSSIBLE, FREE POSTAL DELIVERY

**Meeting Called For Friday Evening in The Library Rooms. Lents Man Has Been Advised That We Can Have It.**

With the approach of the time when the Lents district will be taken into the city it is proposed that an effort be made to get some of the benefits of city advantages, even before the date of annexation is here. With this end in view a prominent Lents citizen has spoken to the Portland postmaster and been assured that if Lents wants free delivery she will have to ask for it. Of that we are reasonably sure, for it is a safe guess that there will be enough people ready to ask for free delivery to warrant its attempt. For this purpose, and to learn the attitude of the people a meeting will be held in the Lents Library rooms in the Hamilton building on Friday evening for the purpose of discussing the requirements for such a service. One thing is sure, and that is that the streets will have to be numbered consecutively, in accord with the city system and the houses numbered. But that would not be a difficult task. People would easily take to the new idea, and it would be a great saving of time to all residents of this district. It is to be hoped that a full attendance will be had at this meeting on Friday evening as much depends on what is done at it whether anything is done in the matter.

## LENTS PLUMBING COMPANY MOVES

Buildings spring up in Lents within a week now days. The Building of the Lents Plumbing Co., has been torn down and the remains is being turned into a new shop on Main Street, over night as it were. T. Y. Cadwell is the head engineer in these developments. The Plumbing Co. will move into its new quarters as soon as the building is completed.

## IMPORTANT HOG FEED- ING EXPERIMENT

An experiment to test the feeding value of raw or steamed potatoes as supplementary feed with a grain ration, has been carried on by Robert Withycombe at the Eastern Oregon Experiment Station with interesting results which will be of special value this year on account of the superabundant potato crop.

The hogs in the experiment were divided into eight lots, and records of the different feed ration given each and the proportionate gain made were kept carefully. Each hog in lots 1 and 2 ate an average of 170.18 lbs. of barley and 509.53 lbs of raw potatoes, making a gain in weight of 60.70 lbs. Those in lots 3 and 4 ate 110.30 lbs. barley and 663.75 lbs. steamed potatoes and made gain of 70.60 lbs., while those in lots 5 and 6 ate 188.60 lbs barley and 564.80 lbs. steamed potatoes and made a gain of 78.10 lbs. Lots 7 and 8 ate 300.10 lbs. barley without potatoes and made a gain of 69.5 lbs.

The last two lots, fed barley alone, were used as a check on the others to show more definitely the proportionate value of the potatoes. At the present market value of \$.07 a pound live weight, the hogs fed barley made a \$4.87 gain, which makes the barley feeding value \$1.62 to the hundred. Lots 1 and 2, fed barley and raw potatoes at the rate of 3 lbs of potatoes to 1 lb. of barley, made a \$4.25 gain, which gives the raw potato a feeding value of \$.29 to the hundred. Lots 3 and 4, receiving six times as much steamed potatoes as barley, made a \$4.94 gain, giving the steamed potatoes a feeding value of \$.47 to the hundred. Lots 5 and 6, fed three times as much steamed potatoes as barley, made a \$5.47 gain, making the feeding value of the potatoes \$.42 to the hundred.

It is noticeable that those fed six times as much potatoes as grain did not make quite the gain made by the others, but it required 85.25 lbs. less barley to make this gain, so the difference in feeding value is accounted for.

It is also noteworthy that the steamed potatoes are worth \$13 more to the hundred than raw for feeding, as shown in the comparison of the gains of animals fed the 3 to 1 ration.

## MT. SCOTT LODGE HOLDS RECORD INITIATION.

Tuesday evening was a record evening for Mt. Scott Lodge, I. O. O. F. The efforts of a number of members who have been active in securing good material for membership was rewarded by seeing twenty-three new names added to the list in one initiation. It was something entirely new for this lodge, and indeed something new for Oddfellowship anywhere in the state, except perhaps in a few rare cases in the city.

Orient Lodge was kind enough to get together a team and assist in putting on the work, which was no one-man affair, but filled the hall pretty well full. All in all there were in the neighborhood of a hundred out to see the "big initiation." After the work was completed the visitors and candidates were led into the dining room and treated to steamed clams, clam soup, bread sandwiches and crackers. Everyone went away full of clams and enthusiasm. Orient first degree team will in all probability be on hand to handle the degree Tuesday evening, all fool's day.

## LENTS MAN PLANS TO LO- CATE IN EASTERN OREGON

Lents is about to lose one of its most worthy citizens. Mr. Ernest Zufueh has recently returned from a trip to east and central Oregon and so impressed has become of the possibilities of the country that he has decided to locate near Redmond and will leave for that point as soon as the spring season becomes settled. He reports that there are large areas of fine land in this section of the state which will produce excellent crops of wheat and alfalfa, especially if irrigated. Dry farming methods are practiced to a considerable extent and summer fallowing is common. Irrigation is practiced under difficulties. Water has to be pumped from wells all the way from a hundred to fifteen hundred feet deep, and many of the farmers, being poor, cannot afford to invest in a well. Water for stock and household use is hauled, sometimes for miles. But the soil is highly productive and the climate is pleasant most of the time.

Lents man who has been doing a very satisfactory business recently quit display advertising. Coincident with this there was a falling off in trade. It develops that some of his customers thought he had gone out of business and began to look elsewhere for the bargains they were seeking. It was necessary for The Herald to tell them personally that the proprietor was still struggling along trying to maintain a business.

The Herald does not, however, feel it is its duty to maintain a free information bureau for people who have no appreciation of the value of publicity.

## LENTS DRAMATIC CLUB HAS GOOD NIGHT

"Tatters" was the event of Wednesday evening at the Isis. Fourteen characters were required to put this three act comedy on. More than usual success attended its production. The house was crowded to the limit and the work was highly commended. Several of the acts were especially strong and among these were Ruth Richards, Walter Baker, and Rayburn. They appear again tonight and in addition there will be the usual run of pictures.

## MRS. HATTIE L. CARTER DIES AFTER LONG ILLNESS

Mrs. Hattie L. Carter, wife of L. H. Carter, who has been ill of tubercular trouble for several months, passed away Saturday morning at the county Sanitarium. Mrs. Carter was born in 1873. She was the mother of five children, ranging in age from 18 to 12 years of age. She also leaves a mother and father in Washington, and a sister, Mrs. Haskins, in Lents. The funeral address was delivered Monday at the Friend's Church, Rev. Mrs. Smith delivering the address. Interment was made in Mt. Scott cemetery.

Mr. Carter has the sympathy of relatives and many friends in and about Lents. Several local organizations made friendly offerings of assistance before and after the death of Mrs. Carter, and to friends and all Mr. Carter wishes to express appreciation of the kindness extended.

Mrs. Carter was known to be in a hopeless condition for some time. Her removal to the sanitarium was suggested by some friend, and she thought it might give her temporary assistance if not permanent, and her last comfort was considered in this.

## BENNETT CHAPEL

The Ladies prepared the church for Easter services by a splendid cleaning. Rev. Moore the pastor sent Dr. Fawcett of Lents to supply for 3 o'clock service. He gave an excellent, inspiring, strongly educational address which was deeply appreciated. The Easter evening service was led by Mr. Farnsworth, the little church was filled. The young and old responded to the Easter Theme, all appeared to enjoy the service. A Ladies Aid tea will be served at residence of Mrs. Calkins Thursday p. m. April 3rd. Every body welcome.

## LILLIAN MAY QUINLAN LAID TO REST

Lillian May Quinlan passed away at her father's home in Saginaw last Friday afternoon. She was six years of age, the second child. She was an unfortunate child, having suffered from rheumatism for some time, and that complaint terminated in heart trouble which caused her death. The funeral was held Sunday at 3:30, at the Baptist Church, Rev. Nelson delivering the address and she was buried in Multnomah cemetery. Mr. and Mrs. Quinlan have the sympathy of all their friends and relatives.

## LENTS REBEKAH'S ENTER- TAIN WOODLAWN LODGE

Friday evening was memorable in the history of the local Rebekah lodge. The Rose City lodge team, of Woodlawn was out in full and illustrated the work of the order by putting on the degree work for a class of four members, Mr. and Mrs. Nygaard, Mr. Aronson, and Miss Gambol. The work was exceptionally fine and members not present missed a treat. The team included twenty-seven persons and was splendidly drilled. There were about thirty other visitors present. After the degree work was over some time was taken to hear addresses from the visitors and then the Lents members served a light lunch of sandwiches, cake and coffee. Visitors and all seemed to think that the evening had been very profitable.

It is probable that the next meeting of the Rebekah's will be a social and that all members of the Subordinate lodge and their wives will be invited to attend.

## MRS. MAUDE V. TRUST LAID TO REST FRIDAY

A week ago a son was born to Mr. and Mrs. Jacob Trust. Last Friday afternoon the mother was called from a bed of suffering to her long rest. Besides the father left, there are three sons, Jacob Samuel, and Richard Joseph, and their infant born the week previous. The children are all under six years of age. She also leaves a sister, Mrs. Holt, of Lents, and a brother.

Mrs. Trust was thirty-three years of age. She was the daughter of Judge Joseph Miller of Idaho, and was related to the Bowen family of Baker, one of the oldest families in the state. She was a quietly disposed person and did not go about town much and as a consequence was not much acquainted. She was a member of the Mormon church having connected herself with that organization in 1904, and she was married to Mr. Trust the following year. Her funeral ceremony was conducted at Pease's undertaking rooms by a minister of the Mormon faith. The remains were interred in Mt. Scott cemetery.

Members of the local Odd Fellows Lodge rendered such comfort as was possible and neighboring women were kind in rendering assistance, for both of which Mr. Trust expresses appreciation.

## NEW FREIGHT EQUIPMENT

The Oregon-Washington Railroad & Navigation Company is to receive additional equipment. A few days ago announcement was made of a large order for locomotives—one of the largest single orders ever made. Immediately following comes a correspondingly large order for freight equipment. This order calls for 5,390 box cars 100,000 pounds capacity stock cars. The cost of this equipment, which will be divided with the Union Pacific and Chicago & Alton Systems is \$8,619,150.

While the proportion which will come to the O. W. R. & N. is not definitely stated in the announcement, the distribution will be in accordance with the demand. The territory along the line of the O. W. R. & N. is increasing its shipments, and the management is making every endeavor to be able to meet all requirements. To do this during the harvest seasons necessitates an amount of equipment out of the ordinary, and it is proposed to meet this and every other demand if possible.

## ANOTHER TAYLOR ARRIVES IN TOWN

Joseph William Manz arrived in town about a week ago. His father, one of Lents most popular tailors, has not entirely recovered yet but the boy is doing nicely. He is musically inclined, rather than artistically, so it is probable the trade will not be affected by the additional assistance for some time to come.
