The Best Light At The Lowest Cost

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light. Electricity can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore, electric lamps can be located in any place, thus affording any desired distribution of light.

No other lamps possess these qualifications, therefore it is not surprising that electric lamps are rapidly replacing all others in modern establishments.

CHERRYVILLE

Buds and blooms and blossoms. The fine weather of the past two weeks started everything growing.

Rev. W. Runyan occupied the pulpit at the church last Sunday.

Mrs. Singfield of Portland moved out on her R. K. claim south of town last Saturday.

A fine entertainment and social gathering was enjoyed by all the neighbors at the fine home of Mr. and Mrs. Dr. Botkins last Friday night.

Road Commissioner Bucholz and his assistant, Fred Beechler were measuring the Cherryville Hill the first of the week preparatory to planking it, which will be done soon. It was found to be 2675 feet long. This will extend west to the Cache and beyond. It is expected to plank another stretch of road near the Torrell ranch, especially if the automobile club will give funds to help in the latter job. When this is done two of the worst places between Sandy and Welches will be fixed all right.

Mr. Tuttle, who has been cruising for a Portland lumber firm up in the 3-6 country, has about completed his task. He cruised over 2900, acres and competent lumber men were out last week inspecting his estimates, and were well pleased with his work. A deal has been partially closed for this entire tract, and when accomplished, work will start at once to build a tramway or flume to get the timber out towards the Cherryville road. This will mean lots of work for men and teams. Mr. Tuttle says those parties that sold out last fall up in that country sold out too quick.

Kellogg Thayer, who is holding down a R. R. claim over near Dover, was in Portland last week and while there U. S. Attorney Townsend told him to go and see Judge Fenton, one of the high priced lawyers of the Southern Pacific R. R. and interview him about buying a piece of the so-called R. R. land. He did so, and Judge Fenton told him he would like to sell him the land, but in the first place the government would not let them sell it and in the second place a New York city money concern had a big mortgage on all of this land in Oregon and they dare not sell it at this time when the title is in dispute. This is the reason why the R. R. Co. is fighting the government to the last ditch. The very minute the R. R. loses out all of this immense sum will be called for from New York city as their security will lapse. Mr. Thayer was informed that a decision would be reached on the 28th of this month when it is thought the R. R. Co. will carry it to the court of last resort, in hopes of putting off the evil day of final settlement as long as possible. They have got a good beating coming to them and they will get it.

Quite a party of neighbors went down to the dam at Camp Six last Sunday and watched the salmon jump up in a vain endeavor to get over the dam. Some big fellows would get out of the water 10 or 12 feet when the madly rushing waters would quickly take them back. The hatchery people are catching fish there now and extracting the eggs and taking them up to the hatchery on Salmon river.

Dr. Wiley, who was at one time Chief Chemist for the government until the dope fiends and impure food wretches brought pressure on Taft to let him out, in a recent speech at Denver he said "half of the children in the United States were underfed and 1700 within the shadow of the capitol building at Washington were starving."

Born to Mr. and Mrs. W. H. Hutchinson, Apr. 22, a 9 pound boy. Mother and child doing well.

R. E. Jarl is the owner of a brand new five passenger Ford machine.

Mrs. J. O. Matthews returned from a few days visit to her husband at Clifton where he is employed. She will move to Clifton this week.

The Ladies Embroidery Club met at the home of Mrs. Robert Jonrud last Thursday. It will meet this week with Mrs. Walter Kizer.

The neighborhood Club will meet at the school house Sunday afternoon, Apr. 27th, at 2 o'clock. Current events will be discussed, followed by a literary and musical program. All are welcome.

A number of relatives surprised Mr. and Mrs. T. G. Jonrud Sunday the occasion being their Golden Wedding Anniversary. Mr. and Mrs. Jonrud, who are both natives of Norway, were married fifty years ago near Albert Lea, Minnesota on April 13th 1863. They came to Oregon in 1877 and settled in Clackamas County on the place where they now live in 1878. Mr. Jonrud is 78 years of age, but spryer than many a man ten years younger. While in Minnesota he served as Senator in the State Legislature and in Oregon has been Justice of the Peace some thirty years, and

is widely known and respected in Clackamas County. "Grandma Jonrud," as she is affectionately called, is 72 years old and in spite of having one leg crippled by a fall three years ago, does all her work and is characteristically cheerful. May they have many more happy anniversaries.

Percy Shelly, Guy Talmage and Mr. Lents have returned to Welches to help construct the Mt. Hood Hotel.

Mr. Kern is having all the large fir trees near the hotel topped to prevent the heavy winds from blowing them down.

Mr. Malcolmson's brother and family of Malaca, have come to make their home with Mr. Malcolmson on his homestead.

Rhododendron Inn appears very striking in its array of electric lights. The hotel was lit up beautifully Sunday, April 20th.

Donald Bodley and Price Jones are plowing a large tract of land for "Billy" Welch.

A party composed of Misses Mildred Naomi and Aneta Faubion and Ben Totton, were fishing Sunday on Camp Creek. Besides catching several good sized speckled beauties they reported a enjoyable time.

If you continually complain of pains in the stomach, your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improve from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. Recommended by all dealers.

Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living to-day." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1.00. Recommended by all dealers.
