# Wonderful Blood Remedy That Works in the Tissues

The Very Latest Theory About How and Why the Blood is Disordered.

**S. S. S. Means Pure Blood Which Insures Long Life and Health.**  
 The great experts in Chemistry and Physiology now declare what has all along been contended by the Swift Laboratory that the germs of blood disorders find lodgment in the interstices of the tissues.  
 And herein is where S. S. S. goes to work rapidly, effectively and with wonderfully noticeable results.  
 This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the nutritive elements of wheat, roast beef, and fat and the sugars that make up our daily ration.  
 As a matter of fact there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutrients. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin afflictions,  
 And in regenerating the tissues S. S. S. has a rapid and positive antidotal effect upon all those irritating influences that cause rheumatism, sore throat, weak eyes, loss of weight, thin pale cheeks, and that weariness of muscle and nerve that is generally experienced by all sufferers with poisoned blood.  
 Get a bottle of S. S. S. at any drug store, and in a few days you will not only feel bright, and energetic, but you will be the picture of new life.  
 S. S. S. is prepared only in the laboratory of the Swift Specific Co., 201 Swift Bldg., Atlanta, Ga. Who maintain a very efficient Medical Department, where all who have any blood disorder of a stubborn nature may write freely for advice.  
 S. S. S. is sold everywhere by all drug stores.  
 Beware of all attempts to sell you something "just as good." Insist upon S. S. S.

## NEAT TRICKS WITH MATCHES

Success of Deception More Often Than Not Rests Entirely on its Readiness and Simplicity.

The success of a good trick more often than not rests entirely on its readiness and simplicity of performance. For the following all that is necessary is a box of ordinary wooden matches.  
 Arrange fifteen matches in the four figures given below. Then ask a friend (preferably a bachelor) to take away three and leave an explicit explanation of what "matches" are

Matches and Matches.

made of. Those to be removed are lettered a, b and c.

Place twenty-four matches into a cube of nine small squares. Remove eight of the matches and leave only two squares. Experience will show that the solution of this trick is far more difficult than the uninformed would at first imagine. All that is necessary is to leave the four sides of the cube and the small middle square.

Replace the matches into the original cubes of nine squares, throwing

Cube Puzzle.

seven other matches on the table. Now challenge anyone present to take each of the seven matches separately and, commencing with any square (the middle one excepted), count four successive squares, including that of the start, dropping the match into an empty fourth. A square already containing a match must be counted in the course of

Square Puzzle.

a move, but it cannot be used as a starting point. Each match must alike commence, and find its destination in an empty square. The middle square must not be counted at all, neither for the start nor finish, nor in the course of a move. It will be found that there is little difficulty in securing squares for five, or even six, matches; but the placing of the entire seven is by no means a simple matter.

The solution is as follows: The square from which the first move is made must receive the next match. If the start commenced at 1, for instance, and the match consequently found its destination in 4, it must be arranged that the next falls in 1. The counting of the second would therefore have to begin at six. Similarly the third match is made to drop into 6 by starting at 3, and so on until all seven have been placed.

## BUSY LITTLE TREE PLANTERS

By Burying Nuts of Chestnut, Hickory and Walnut Squirrels Perform Most Important Duty.

Contrary to common belief, the gray squirrels of the United States do not lay up their winter store of nuts in mass, but bury each one separate and apart from the rest, and for this reason they are nature's most important chestnut, hickory and walnut tree planters, Harper's Weekly remarks.  
 The nuts are hidden in the ground, often at a considerable distance from one another, and either by instinct or a remarkable memory the squirrels will penetrate through several feet of snow when in want of food and seldom, if ever, fail to find the hidden treasures.  
 They do not need or use the one-tenth part of the provender they have hidden away in the ground, and what they do not consume germinates the next spring and in this way we get our uniform nut tree forests, which would otherwise grow in cluster under the parent tree where the nuts have fallen.  
 In their burying operations squirrels often cover a large area of ground, seeking the most favorable spot for hiding their food; this accounts for trees springing up in the most diverse places.

## Production and Consumption.

Myrtle, who is studying physical geography, likes to flaunt her superior knowledge.  
 "Jimmie," she said to her little brother, "I bet you don't know what germination produces."  
 "I don't know what it produces," replied Jimmie, "but I know the German nation consumes lots of sauerkraut and wienerwurst."—Youngstown Telegram.

## No Time.

"Son, do you read blood and thunder novels?"  
 "No, sir. It's all I kin do to keep up wit' the horrible crimes in the current news."

## LITTLE THINGS COUNT

English Farmer Profits by Keeping Detailed Records.

Ram is Kept Separate Until Ewes Are Gathered for Inspection, Thereby Avoiding All Over-Exertion in Running Around.

(By E. H. JAYNES)

Nothing is more discouraging than a lot of lambs of various ages, uneven in size, running with a flock of ewes that would, had they been given the opportunity, have lambled at the same period. For the past month or two the ram should have been in a lot by himself and eating all the nice juicy grass he desired.

The value of such a grass plot can hardly be over-estimated. It gives the ram a tender bit of picking, causing him to take sufficient exercise to keep him in the best of trim.

Supplement this with an abundance of fresh water, a little salt and a trifle of oats, and we have a combination guaranteed to give results in the line of a big, strong, vigorous sire.

A practice that is common with English breeders and which our farmers must eventually follow is the hard coupling of ram and ewes.

The American farmer turns his ram with the ewes and trusts to luck to bring him a good crop. He does not know whether the ram is safely settling the ewes or not.

Too often the ram abuses himself, to the detriment of the latter part of the crop. Then, too, the exertion from running around, as a ram in a bunch of ewes usually does, undermines his vigor.

Compare this with your English farmer. The ram is kept to himself all the time except when he is led out to the ewes. He gets his allowance of grain and his bite of grass, no matter how hard pressed the farmer is for feed, for he knows too well that a handful of grain given to the ram is as good as one given to each of the ewes.

When evening comes, the farmer leads his ram out to where the ewes are gathered for the inspection of the ram. The lead is loosened from his halter and he quietly proceeds to in-

A Prize Winner.

spect the flock. One is found in heat, she is served and the shepherd quietly removes her while the ram continues his inspection.

When all has been served the ram is removed and a record is made of the ewes bred, the date and anything else that may be needful.

The pure bred owner takes the ear tag number of his ewe and her date of breeding is put down on his flock record. The grade sheep owner marks his ewes in some conspicuous manner.

For instance, the first week he uses red paint placed on the hip, the second week on the back, the third on the shoulder, etc. Different colors of paints being used, if possible to know by the mark on her back just when she will lamb.

When lambing time approaches there is no question about when a ewe should lamb. He has the records. A glance and he has the whole story before him. A sharp contrast to the former who has to "tell by guess" about when a ewe is to lamb, and who consequently loses a high per cent. of his crop.

Is it too much trouble to do this? Is it too much trouble to get your corn planted or to harvest your oats when ripe?

Your lambing season is your harvest. It awaits you, but the time of harvesting (giving birth to lambs) is uncertain, unless you know by your records when to expect it.

Brother farmer, it is these little things that count. They mark the difference between the progressive farmer and the shiftless or indifferent, between the business farmer and the work horse kind, between the money maker and the loser, between success and failure. We are all of us either one or the other.

## Rot of Tomatoes.

This disease often attacks plants that are not sprayed. It is first noticeable as small, black or brown spots on the leaves or stems of the plants, occurring first on the lower and older leaves; but with favorable weather it spreads rapidly until the plant is defoliated, and the spots on the stems have coalesced into irregular, blackish patches. If a piece of bark with these spots be examined under a high power microscope, innumerable small, crescent-shaped bodies may be seen. These are the fruiting spores of the fungus. Spray with Bordeaux mixture.

## Hogs and Sheep.

If the farmer is looking for quick returns in live stock and for a large percentage on the money invested, there are no animals on the farm that will beat the sow and the ewe.

## ADDRESSED TO WOMEN

IS YOURS A Case of "Nerves?"

Hot flashes, dizziness, fainting spells, headache, bearing-down pains, nervousness—all are symptoms of irregularity and female disturbances and are not beyond relief.

## Favorite Prescription

is that of a famous physician unusually experienced in the treating of women's peculiar ailments. For forty years it has been recommended to suffering womankind. Thousands of women can bear witness to its beneficial qualities. Perhaps its aid is all that is required to restore to you perfect health and strength. Now is the time to act, write Dr. H. V. Pierce's, Buffalo.

**I AM NOW CURED**  
 Mrs. DOMINGO ROGERS, of San Francisco, Calif., writes: "I take pleasure in recommending your wonderful medicine, and wish to say in behalf of your 'Favorite Prescription' and 'Ladies Medical Discovery' that through their use I am now cured of the various troubles that a woman is heir to. These remedies cured me when others failed and I therefore receive to take no other. I thank you for your service."

**YOUR DRUGGIST CAN SUPPLY YOU IN LIQUID OR TABLET FORM**

## COLT DISTEMPER

Can be handled very easily. The sick are cured, and all others in same stable, no matter how exposed, kept from having the disease, by using COLT'S LIQUID DISTEMPER. Give one ounce of the tincture or in food. Acts on the blood and exerts a germicidal force of distemper. Best remedy ever known for mares in foal. One bottle guaranteed to cure one case. 50c and \$1 a bottle; 50c and \$1 a dozen. Of druggists and hardware stores, or sent express paid by manufacturer. Out shows how to position throat. Our Free Booklet gives everything. Local agents wanted. Largest selling house in the world.

**SPHON MEDICAL CO. Chemists and Bacteriologists. CASHEN, IND., U. S. A.**

## THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

## Giving a Man no Chance.

The decision of the United States supreme court in the case of C. H. Summers of Juneau, setting aside the 250-year prison sentence imposed on the Alaska banker for misappropriation of funds, comes as a great relief. It not only was clearly unconstitutional, but absolutely against all the dictates of humanity.

It is always wise to temper justice with mercy. And especially when an offender is not beyond hope of redemption. A sentence of 280 years is the extreme of cruelty. To one of Mr. Summer's age it would mean that when he finally emerged from behind the prison walls he would be a very old man—too old to carve out a new career for himself.

The lower courts should realize that the days of prison sentences of more than 100 years or fines of more than \$29,000,000 are gone by.—New York Globe.

## Tests having shown that recon-

naissance work can not be effectively done at greater heights than 2600 feet, the French army has decided that its war aeroplanes must be armored against rifle bullets.

## There are 160 dramas and 21 melo-

dramas based on the life of Joan of Arc.

## Sprains, Bruises Stiff Muscles

are quickly relieved by Sloan's Liniment. Lay it on—no rubbing. Try it.

## Ankle Sprain and Dislocated Hip.

"I sprained my ankle and dislocated my hip by falling out of a third story window. Went on crutches for four months. Then I started to use your Liniment, according to directions. I must say it is helping me wonderfully. We will never be without Sloan's Liniment anymore."—Chas. Johnson's Letter, Boston, N. Y.

## SLOAN'S LINIMENT

Kills Pain

Splendid for Sprains.

"I fell and sprained my arm a week ago and was in terrible pain. I could not use my hand or arm until I applied your Liniment. I shall never be without a bottle of Sloan's Liniment."—Mrs. H. B. Springer, Elizabeth, N. J.

## Fine for Stiffness.

"Sloan's Liniment has done more good than anything I have ever tried for stiff joints. I got my hand hurt so badly that I had to stop work right in the busiest time of the year. I thought at first that I would have to have my hand taken off, but I got a bottle of Sloan's Liniment and cured my hand."—Wilson Wheeler, Morris, Ala.

At all Dealers. 25c, 50c, and \$1.00.

Send for Sloan's free, instructive book on horses, cattle, hogs and poultry. Address

**DR. EARL S. SLOAN, Inc.**

BOSTON, MASS.

## PISO'S REMEDY

Best Cough Syrup. Tastes Good. Use in time. Sold by Druggists.

FOR COUGHS AND COLDS.

## The Merry Life.

Some young folks have odd ideas of the life theatrical.  
 "My, but I'd like to travel on the road with a company," said a young man the other day.

"What would you like most about such a life?" his companion asked.  
 "I think it would be just great," the ambitious one exclaimed, "to sit about the railroad stations playing a banjo and singing songs until the train arrived."—Youngstown (Ohio) Telegram.
