**CHERRYVILLE**

Merry Christmas!  
Here is wishing everybody may have a merry Christmas time.

Winter is here in earnest as snow to the depth of 2 or 3 inches covers the ground and is sprinkled over the trees.

One old-timer says the hardest winter he ever saw began a few days before Christmas.

John Tuescher and Heath Johnson have returned from Harney where they have been employed on an irrigation project the past season. They will remain on their railroad claims this winter.

Miss Lillian B. Averill is home from the state normal school at Monmouth. She will remain over the holidays with her people.

School will begin again next Monday, Dec. 29th, with a holiday on New Year's day.

On account of a school meeting last Saturday night the meeting of the Commercial Club was postponed until Saturday night of this week.

The school directors of the new school district, No. 124, met with the directors here last Saturday and arranged about the assets and liabilities. An agreement was reached with the proviso that a new arrangement was to be made as to the boundary lines as it is unjust and absurd as defined at present.

Senator Root speaking in the U. S. Senate last week savagely denounced the new currency law lately enacted. Among other things he said, "On account of this currency agitation, dividends have been passed working hardships on many stock holders." It is true dividends have been passed and notably on the Boston, New Haven and Hartford railroad which was wrecked in manipulating the stocks of the late J. P. Morgan, an esteemed client of Senator Root who is a prominent attorney for the robber trusts. By the selfish schemes of the Boston and New York city bankers the stock holders of this badly wrecked railroad who are mostly poor widows and small investors, 1700 in number, who have to face an empty Christmas stocking and a barren Christmas table were robbed of \$30,000,000 and dividends that will have to be passed for some time to come. It is with a poor assumption of pretended virtue and patriotism that Senator Root talks about passed dividends when he is an accessory before the act of all these hardships that were brought about by his own robber clients. He further said that under this law any rascal and scoundrel who can rake together \$2500 can start a bank and have the government to back him. This is a deliberate falsehood and Root knows it. As a matter of fact before a bank can have currency issued to it, the security allowed must be guaranteed by all the national banks in a certain zone. What ails Root is that he wants the money to all flow to New York city as under the old law, where the big banks can juggle with it and play the stocks up and down and put schemes afoot to rob the credulous an unwary. Root is a rank old fraud and Senator Gallinger of New Hampshire, who applauded the ideas advanced by Root, is another one. Happily their time in the Senate is short.

**CORBETT**

Mrs. J. T. Rea was in Portland Wednesday and Thursday.

Robt. Benfield from British Columbia came Friday to visit relatives and friends until after the holidays.

Mr. Legg, a stockman from Kenton was in this vicinity Saturday trying to purchase milch cows.

Roy Anderson made his weekly trip to Portland Saturday where he is receiving instructions on the violin by Prof. Zilm.

A shooting match conducted by C. Deverell drew a crowd to our little burg Saturday.

Mr. and Mrs. Albert Fox of Troutdale visited the latter's parents Thursday night and Friday.

Scaly legs can be cured by anointing the scaly part with an ointment of half lard and kerosene oil. Any kind of grease will cure it if applied two or three times a week for a considerable time, but the grease suggested is very penetrating, and the lard added to the kerosene oil gives it consistency, so it stays on for some time, say several hours. The insect which causes scaly leg lives under the scales of the legs, hence it must be a penetrating remedy that reaches them in their hiding places.

**Nervous and Sick Headaches**

Torpid liver, constipated bowels and disordered stomach are the causes of these headaches. Take Dr. King's New Life Pills, you will be surprised how quickly you will get relief. They stimulate the different organs to do their work properly. No better regulator for liver and bowels. Take 25c. and invest in a box to-day. At all druggists or by mail. H. E. Bucklen & Co. Philadelphia and St. Louis.

**LOCAL AND PERSONAL**

Mr. N. Girling has just returned from a lengthy visit to his former home at Midvale, Idaho.

Miss Lelia Lent, who has been attending school at Willamette University, Salem, is home for vacation.

The state and county headquarters have been moved to the Decum building, Third and Washington streets.

Mr. and Mrs. Harry Foster of 4th Ave., are the proud parents of a baby boy born Saturday Dec. 20.

The electric work on the Theatre Bldg., 49th and Hawthorne built by H. E. Irish is being done by Gray's Crossing Electric Co.

W. Barnes has been working for the Gray's Crossing Electric Co., for the past month and reports good business.

The musical program at the M. E. church was well attended. There has been a request for a repetition of the program.

The M. E. Church rendered an excellent program Wednesday evening and Christmas gifts were provided for all the children present.

A. Kildahl, will spend Christmas in Salem. On his return he expects to get his motorcycle in shape to enter the 18 hour endurance contest starting New Year's.

The Cantata given by the choir of the Evangelical church last Sunday evening was heard by a large audience that expressed a great appreciation of the musical treat it afforded.

A paper published by the liquor interests announces that the commissioner of Internal Revenue has decided that confectioners that sell rum drop candy must pay \$25 federal tax for the privilege. Parents will do well to know what candy their children are using.

Dr. William Spurgeon, of London, England, eminent as lecturer, Missioner and Preacher, will speak at the Baptist Church, Lords Day evening, Dec. 28. Special music by chorus choir. Dr. Spurgeon will also give a popular lecture Dec. 31 at the same church. Free admission; Silver offering.

Mrs. Blackburn of Grays Crossing took thirty-five of the less fortunate children, six to thirteen years of age, to a Christmas banquet at the Oregon Hotel. The hotel furnished carfare and set up one of the best banquets of the season. This is an annual affair with Mrs. Blackburn who is interested in charitable things of this nature.

A number of women physicians have been devoting their energies to the effects of milk as a food for infants. The startling announcement is made that 200,000 babies die annually in the United States. Effort will be made to change this appalling condition. The last word as to the use of milk is favorable to boiled milk. "It is now asserted that constipation is so light an evil, compared to diarrhoea, that the physician hails it with something like relief." Raw milk, which classification with reference to diarrhoea includes pasteurized milk, is therefore not considered desirable for infants. Physicians can offset the constipating tendency while the diarrhoea is elusive and prone to result fatally.

**Christmas in Norway**

The tree is lit upon Christmas eve at five o'clock and decorated with gilded walnuts and apples. The evening is spent in telling stories and dancing. The tree is left up until New Year's Day.

The birds, cats, dogs, cows and horses are all fed an extra amount of food, the best the family can afford. Santa Claus is called "Kristine" in Norway, the children are his helpers.

The first one who awakens on Christmas morning sings a little hymn. In Norway Christmas is called Yule-peace. At Yule-peace times all quarrels are stopped and the naughty little children make friends. If the family is well off they serve the best food they have, and let the poor come in and eat. They give presents by throwing them through the open door or window while the parties are not looking. The candles are left burning all night so that "Kristine" can see his way to give presents. The whole family set their shoes in a row. This is a symbol of peace the rest of the year.

Robert Duncan, Woodmere school, 6 B.

**A WEEK TO ROAD WORK**

Farmers in Boone County, Missouri, Not Content With Two Days.

From the Columbia Times:  
If the farmers in all the counties of Missouri are of the same temper as the farmers of Boone county, there will be a whole lot of road work done in the state on August 20 and 21. A great deal of interest has been taken in "Road Days" in Columbia, but it is out in the country where the talking is being done that will lead to some good roads in the near future.

The best thing about the whole matter is that the farmers in many communities have decided to devote the whole week to road work. Willard Daly of Terrapin was in town yesterday. Mr. Daly is a progressive farmer and he realizes what good roads mean.

When asked if any plans had been made for Good Roads day, he replied: "Well, we are thinking about it a little."

Here is how strong they are thinking it: They are making preparations to secure a steam engine to hook onto their grader. They want this engine for a whole week. M. Bradley is the overseer in this district, and he is taking active hold on the work. Enough men have pledged work for the entire week to insure the successful operation of the grader and some besides.

**THE SCHOOL GIRL NEEDS MOTHER.**

The school age is the most critical period of a girl's life. Unfortunately the average mother fails to recognize how much depends upon her attitude to her young daughter at that age. Engrossed with other duties, the school girl's health is a secondary matter altogether. The result is that many girls at the time when they should be laying up a store of health for the future are often sallow and anaemic, headache, round shouldered, and irritable in disposition. The chief causes of ill health at school age are overstudy, late hours, overindulgence in physical exercise and games, neglect of health and hygienic laws of diet, and lack of fresh air and necessary sleep. A lifetime of health or misery depends upon the years between the ages of 10 and 16. The daughter of the family will never need a mother's watchful care more than at this time.

**Card Of Thanks**

We unite in thanking the many friends and acquaintances who have so kindly assisted in the arrangements and shown their sympathies in the unhappy loss of our son and brother, Charles Kirschenman, and we do especially appreciate the fraternal expressions, and help of the members of Mt. Scott Lodge, I. O. O. F. for their work in the funeral arrangements and ceremony. We thank you all and shall ever hold dear the kindly attention you have shown.  
John and Sophia Kirschenman  
William Kirschenman

**Card of Thanks**

We wish to thank our many friends and neighbors for their sympathetic interest and helpfulness during the sickness and death and at the funeral services of our daughter, Mary Edith Dunbar, who, we have full assurance, passed on to the glory world on the 15th instant. Hours like these make manifest Christian graces, and sacrificial friendships, and inspire enduring confidences which no other occasions reveal. Accept our thanks dear friends, one and all, for your kindly deeds have made the saddened home and wounded hearts far less painful.  
Mr. and Mrs. J. A. Dunbar and family.

**FINAL NOTICE.**

EMMA VIVIAN ESTATE.  
Notice is hereby given that the undersigned, as executor of the estate of Emma Vivian, deceased, has filed his final account in the Circuit Court of the State of Oregon, for Multnomah county, and that Friday the 23rd day of January, 1914, at the hour of 9:30 o'clock in the forenoon of said day and the court room of department No. 6 of said Court has been fixed as the time and place for the hearing and settlement of said account and the together with the objections thereto, if any.  
First publication, December 25, 1913.  
W. P. Maclay,  
Executor.  
John Van Zante, Attorney.

**A Consumptive Cough**

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery will stop the cough, loosen the chest, banish fever and let you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glen Ellyn, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks' doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c. & \$1.00. All druggists, by mail, H. E. Bucklen & Philadelphia or St. Louis.
